White Terror Jamie Bisher,2006-01-16 This is the gripping story of a forgotten Russia in turmoil when the line between government and organized crime blurred into a chaotic continuum of kleptocracy vengeance and sadism It tells the tale of how in the last days of 1917 a fugitive Cossack captain brashly led seven cohorts into a mutinous garrison at Manchuli a squalid bordertown on Russia s frontier with Manchuria The garrison had gone Red revolted against its officers and become a dangerous ill disciplined mob Nevertheless Cossack Captain Grigori Semionov cleverly harangued the garrison into laying down its arms and boarding a train that carried it back into the Bolsheviks tenuous territory Through such bold action Semionov and a handful of young Cossack brethren established themselves as the warlords of Eastern Siberia and Russia s Pacific maritime provinces during the next bloody year Like inland pirates they menaced the Trans Siberian Railroad with fleets of armoured trains Cossack cavalry mercenaries and pressgang cannon fodder They undermined Admiral Kolchak s White armies ruthlessly liquidated all Reds terrorized the population sold out to the Japanese and antagonized the American Expeditionary Force and Czech Legion in a frenzied orchestration of the Russian Empire s gotterdammerung Historians have long recognized that Ataman Semionov and Company were a nasty lot This book details precisely how nasty they were

Reconsidering the Moveable Frame in Psychoanalysis Isaac Tylim,Adrienne Harris,2017-09-14 Reconsidering the Moveable Frame in Psychoanalysis explores the idea of the frame at a time when this concept is undergoing both systematic revival and widespread transformation It has always been tempting to see the frame as a relatively static finite and definable feature of psychoanalytic work At its most basic the frame establishes agreed upon conditions of undertaking psychoanalytic work But as this book shows the frame has taken on a protean quality It is sometimes a source of stability and sometimes a site of ethical regulation or discipline It can be a place of imaginative mobility and in certain analytic hands a device for psychic work on projections and disavowals Beginning with a seminal essay on the frame by Jos Bleger this book includes commentary on that work and proceeds to explorations of the frame across different psychoanalytic theories The frame is perhaps one of the spots in psychoanalysis where psyche and world come into contact a place where the psychoanalytic project is both protected and challenged Inevitably extra transferential forces intrude onto the psychoanalytic frame rendering it flexible and fluid Psychoanalysts and analysands supervisors and candidates are relying increasingly on virtual communication a development that has effected significant revisions of the classical psychoanalytic frame This book presents a dialogue among distinct and different voices It re examines the state and status of the frame searching for its limits and sifting through its unexpected contents whilst expanding upon the meaning purview and state of the frame Reconsidering the Moveable Frame in Psychoanalysis will appeal to all psychoanalysts and psychoanalytic psychotherapists interested in how best to understand the frame and to use it most effectively in their clinical practice **The Monthly Magazine** ,1818

Terror Financing in Kashmir Abhinav Pandya,2023-12-06 This book analyses the layered and complex web of terror

financing in Kashmir It examines the role of multiple actors including formal and informal state and non state profit and non profit and local and international to delineate the various strands of an intricate financial system It shows how over time these sophisticated networks have largely remained elusive to Indian counter terrorism agencies and the need for a specialised and focused effort to understand it Drawing on interviews with confidential sources within terror networks as well as inputs and intel from security agencies on the ground the author lays the groundwork for a robust counter terrorism strategy in Kashmir This book will be a must read for professionals and researchers in security studies military and strategic studies politics and international relations and South Asian studies

HMS Terror Matthew Betts,2020-10-30 In the summer of 1845 Sir John Franklin and a crew of 134 men entered Lancaster Sound on board HMS Erebus and HMS Terror in search of a Northwest Passage The sturdy former bomb ships were substantially strengthened and fitted with the latest technologies for polar service and at the time were the most advanced sailing vessels developed for Polar exploration Both ships but especially HMS Terror had already proven their capabilities in the Arctic and Antarctic With such sophisticated rugged and successful vessels victory over the Northwest Passage seemed inevitable yet the entire crew vanished and the ships were never seen again by Europeans Finally in 2014 the wreck of HMS Erebus was discovered by Parks Canada Two years later the wreck of HMS Terror was found sitting upright in near pristine condition The extraordinarily well preserved state and location of the ships so far south of their last reported position raises questions about the role they played in the tragedy Did the extraordinary capabilities of the ships in fact contribute to the disaster Never before has the Franklin Mystery been comprehensively examined through the lens of its sailing technology This book documents the history design modification and fitting of HMS Terror one of the world s most successful polar exploration vessels Part historical narrative and part technical design manual this book provides for the first time a complete account of Terror s unique career as well as an assessment of her sailing abilities in polar conditions a record of her design specifications and a full set of accurate plans of her final 1845 configuration Based on meticulous historical research the book details the ship s every bolt and belying pin and ends with the discovery and identification of the wreck in 2016 explaining how the successes and ice worthiness of Terror may have contributed to the Franklin disaster itself It is an ideal reference for those interested in the Franklin Mystery in polar exploration the Royal Navy and in ship design and modelling

Unfunding Terror Jimmy Gurulé,2010-01-01 Jimmy Gurul knows how to bankrupt terrorists like few others do As Undersecretary of the Treasury for Enforcement he spearheaded the fight against al Qaeda s global bank accounts helping to earn the highest grade awarded on the 9 11 Commissioners report card As an author he performs once again Unfunding Terror provides policymakers and laymen alike a clear roadmap on how to keep terrorists out of the global financial system Timothy J Roemer Center for National Policy former US Congressman and member of the National Commission on Terrorist Attacks Upon the United States 9 11 Commission Jimmy Gurul has given us a superbly comprehensive and well written assessment of why regarding

terrorism Deep Throat's principle is bang on follow the money R James Woolsey venture partner VantagePoint and former Director of Central Intelligence US A detailed study by a true scholar practitioner Unfunding Terror explains the legal response to terror finance in language accessible to both the expert and layman Required reading Matthew Levitt Director Stein Program on Counterterrorism and Intelligence The Washington Institute for Near East Policy and former Deputy Assistant Secretary of the Treasury for Intelligence and Analysis US Professor Gurul is comprehensive he describes the problem terrorist funding by those in the free world analyzes the legal responses make it a crime freeze terrorist assets impose regulations on financial institutions critiques the administration's and international community's efforts to unfund terrorists political rhetoric not in fact backed up with effective strategies or implementation and outlines concrete legal and administrative remedies Would that they to whom the recommendations are addressed act on them quickly Too much is at stake to let terrorists who condemn the West as corrupt get their funding to attack the US and its allies from the West itself That would be a form of social suicide G Robert Blakey Notre Dame Law School US The September 11 2001 terrorist attacks that claimed the lives of 2 973 innocent civilians required as much as 500 000 to stage At the time al Qaeda was operating on an annual budget of between 30 and 50 million However despite the obvious fact that terrorists need money to terrorize preventing the financing of terrorism was not a priority for the United States or the international community prior to 9 11 Jimmy Gurul former Under Secretary for Enforcement in the US Department of the Treasury provides the first book length comprehensive analysis of the legal regime that evolved following the terrorist attacks The book begins with a discussion of how shutting down the pipelines of funding is as important as dismantling the terrorist cells themselves Next the book covers the various means and methods used by terrorist groups to raise money and examines how money is transferred globally to finance their lethal activities The principal components of the legal strategy to disrupt the financing of terrorism are then discussed and evaluated Unfortunately the author concludes that the legal regime has met with mixed results and finds that the sense of urgency to deprive terrorists of funding that existed following 9 11 has since dissipated As a result international efforts to freeze terrorist assets have dramatically declined Moreover the US Department of Justice has suffered several embarrassing and disappointing legal defeats in prosecuting major terrorist financiers The author provides numerous recommendations to Congress the Executive Branch and the UN Security Council for strengthening the legal regime to deny terrorists the money needed to wage global jihad acquire weapons of mass destruction and launch another terrorist attack on the scale of 9 11 Unfunding Terror fills an important gap in the literature and will be essential reading for counter terrorism experts law enforcement and national security **The Lancet**, 1927 **Reprint** National Committee for Mental Hygiene, 1919

A Genealogy of Terror in Eighteenth-Century France Ronald Schechter, 2018-06-11 In contemporary political discourse it is common to denounce violent acts as terroristic But this reflexive denunciation is a surprisingly recent development In A Genealogy of Terror in Eighteenth Century France Ronald Schechter tells the story of the term's evolution in Western

thought examining a neglected yet crucial chapter of our complicated romance with terror For centuries prior to the French Revolution the word terror had largely positive connotations Subjects flattered monarchs with the label terror of his enemies Lawyers invoked the terror of the laws Theater critics praised tragedies that imparted terror and pity By August 1794 however terror had lost its positive valence As revolutionaries sought to rid France of its enemies terror became associated with surveillance committees tribunals and the guillotine By unearthing the tradition that associated terror with justice magnificence and health Schechter helps us understand how the revolutionary call to make terror the order of the day could inspire such fervent loyalty in the first place even as the gratuitous violence of the revolution eventually transformed it into the dreadful term we would recognize today Most important perhaps Schechter proposes that terror is not an import to Western civilization as contemporary discourse often suggests but rather a domestic product with a long and consequential tradition

A practical manual of the diseases of children, with a formulary Edward Ellis (M.D.),1878 **Mental Hygiene** ,1919 *The Child* ,1919 *A System of Medicine* Thomas Clifford Allbutt,Sir Humphry Davy Rolleston,1910 **A System of medicine, by many writers v. 8, 1905/11** Sir Thomas Clifford Allbutt,1911 *A Practical manual of the diseases of children* Edward Ellis,1882 *A Practical Manual of the Diseases of Children with a Formulary* Edward Ellis,1881 **A Commentary on the Holy Scriptures** Johann Peter Lange,Philip Schaff,1876 **The Reign of Terror** ,1898 **The Terror of the Air** William Le Queux,1929 **Kirkes' Handbook of Physiology** William Senhouse Kirkes,William Marrant Baker,Vincent Dormer Harris,1879
