## Why Orwell Matters:

**Why Orwell Matters** Christopher Hitchens, 2008-08-06 Hitchens presents a George Orwell fit for the twenty first century Boston Globe In this widely acclaimed biographical essay the masterful polemicist Christopher Hitchens assesses the life the achievements and the myth of the great political writer and participant George Orwell True to his contrarian style Hitchens is both admiring and aggressive sympathetic yet critical taking true measure of his subject as hero and problem Answering both the detractors and the false claimants Hitchens tears down the facade of sainthood erected by the hagiographers and rebuts the critics point by point He examines Orwell and his perspectives on fascism empire feminism and Englishness as well as his outlook on America a country and culture toward which he exhibited much ambivalence Whether thinking about empires or dictators race or class nationalism or popular culture Orwell's moral outlook remains indispensable in a world that has undergone vast changes in the seven decades since his death Combining the best of Hitchens polemical punch and intellectual elegance in a tightly woven and subtle argument this book addresses not only why Orwell matters today but how he will continue to matter in a future uncertain world [Why Orwell Matters](#) Christopher Hitchens, 2002

**Orwell's Victory** Christopher Hitchens, 2003 Thomas Carlyle wrote of his Cromwell that he had had to drag him out from under a mound of dead dogs and offal before being able to set him up as a figure worthy of biography This is not a biography but I sometimes feel as if George Orwell requires extricating from under a pile of saccharine tablets and moist hankies There can be few writers in the world today with a better claim to have inherited Orwell's role than Christopher Hitchens with his unique ability to spot bullshit and enrage those in power Orwell's Victory is a spectacularly written aggressive brilliant defence of one of the handful of modern writers whose view of the world has become if anything even more essential in the half century since his death [The Kenyon Review](#) John Crowe Ransom, 2006 Editor winter 1939 autumn 1941 J C Ransom

**George Orwell** Thomas Cushman, John Rodden, 2004 The year 2003 was the 100th anniversary of the birth of George Orwell one of the most influential authors of the twentieth century Orwell's books are assigned today in over 60 000 classrooms annually In this book essays by prominent writers and scholars explain why his impact continues in a world much changed from his own The essays explore new aspects of Orwell's life and work and his continuing relevance for the interpretation of modern social political and cultural affairs Thematic topics include the use and abuse of 1984 ideas ideologues and intellectuals biography and autobiography literary and stylistic analyses and the reception of Orwell's work abroad The volume is an ideal secondary source for those who continue to be influenced by Orwell's insights and for teachers of Orwell's work Contributors Christopher Hitchens Jonathan Rose Ian Williams Morris Dickstein John Rodden Thomas Cushman Ronald F Thiemann Lawrence Rosenwald Todd Gitlin Erika Gottlieb Dennis Wrong Daphne Patai Jim Sleeper William Cain Lynette Hunter Margery Sabin Vladimir Shalpentokh Miquel Berga Gilbert Bonifas Robert Conquest
