

Terry Eagleton

Terry Eagleton

Terry Eagleton:

Literary Theory Terry Eagleton, 1996 This classic work is designed to cover all of the major movements in literary studies during this century. Noted for its clear, engaging style and unpretentious treatment, *Literary Theory* has become the introduction of choice for anyone interested in learning about the world of contemporary literary thought. The second edition contains a major new survey chapter that addresses developments in cultural theory since the book's original publication in 1983, including feminist theory, postmodernism, and poststructuralism.

Tragedy Terry Eagleton, 2020-08-04 A new account of tragedy and its fundamental position in Western culture. In this compelling account, eminent literary critic Terry Eagleton explores the nuances of tragedy in Western culture, from literature and politics to philosophy and theater. Eagleton covers a vast array of thinkers and practitioners, including Nietzsche, Walter Benjamin, and Slavoj Žižek, as well as key figures in theater from Sophocles and Aeschylus to Shakespeare and Ibsen. Eagleton examines the political nature of tragedy, looking closely at its connection with periods of historical transition. The dramatic form originated not as a meditation on the human condition but at moments of political engagement when civilizations struggled with the conflicts that beset them. Tragedy, Eagleton demonstrates, is fundamental to human experience and culture.

Culture Terry Eagleton, 2016-01-01 One of our most brilliant minds offers a sweeping intellectual history that argues for the reclamation of culture's value. Culture is a defining aspect of what it means to be human. Defining culture and pinpointing its role in our lives is not, however, so straightforward. Terry Eagleton, one of our foremost literary and cultural critics, is uniquely poised to take on the challenge. In this keenly analytical and acerbically funny book, he explores how culture and our conceptualizations of it have evolved over the last two centuries, from rarified sphere to humble practices and from a bulwark against industrialism's encroachments to present-day capitalism's most profitable export. Ranging over art and literature as well as philosophy and anthropology, and major but somewhat unfashionable thinkers like Johann Gottfried Herder and Edmund Burke as well as T.S. Eliot, Matthew Arnold, Raymond Williams, and Oscar Wilde, Eagleton provides a cogent overview of culture, set firmly in its historical and theoretical contexts, illuminating its collusion with colonialism, nationalism, the decline of religion, and the rise of and rule over the uncultured masses. Eagleton also examines culture today, lambasting the commodification and co-option of a force that, properly understood, is a vital means for us to cultivate and enrich our social lives and can even provide the impetus to transform civil society.

The Event of Literature Terry Eagleton, 2012-05-29 Offers a thorough examination of the philosophy of literature, looking at the place of literature in human culture, what literature can be defined as, and much more.

The Significance of Theory Terry Eagleton, Michael Payne, 1991-01-08 Terry Eagleton's work has had a powerful influence in debates about the politics of literature and culture. This book reflects the breadth of his interests. It offers a view of his career to date, raising a number of central issues in literature, culture, and politics.

The Function of Criticism Terry Eagleton, 2020-05-05 This wide-ranging book argues that criticism emerged in early bourgeois society as a central feature of

a public sphere in which political ethical and literary judgements could mingle under the benign rule of reason The disintegration of this fragile culture brought on a crisis in criticism whose history since the 18th century has been fraught with ambivalence and anxiety Eagleton s account embraces Addison and Steele Johnson and the 19 century reviewers such critics as Arnold and Stephen the heyday of Scrutiny and New Criticism and finally the proliferation of avant garde literary theories such as deconstructionism The Function of Criticism is nothing less than a history and critique of the critical institution itself Eagleton s judgements on individual critics are sharp and illuminating which his general argument raises crucial questions about the relations between language literature and politics

Ideology Terry Eagleton,2014-07-21 This collection of readings on the concept of ideology is brought together by the Marxist critic Terry Eagleton His introduction traces the historical evolution of ideology and examines in a more theoretical style the various meanings of the word and their significance The readings begin with the first English translations of some of the writing of the French founder of the concept in the eighteenth century They then move from the enlightenment to Hegel and Marxism with particular emphasis on Marx and Engels themselves They also look at other eighteenth century traditions of thought such as Nietzsche and Freud All the readings are theoretical rather than examples of ideology at work and will be of interest to undergraduate students of cultural political and historical studies concerned with ideology as well as students of English literature

Terry Eagleton David Alderson,2017-03-14 Terry Eagleton is the foremost Marxist cultural theorist of our time In the first book length study of this highly influential figure David Alderson provides detailed discussions of Eagleton s Marxism and his engagements with postmodernism as well as an evaluation of his interventions in Irish Studies Each of the chapters in this important intervention in current theoretical debates offers accessible contextualization of the key issues and provides detailed analyses of Eagleton s literary criticism Alderson shows that the complex relations between nature culture and ideology body subjectivity and authority are at the heart of Eagleton s ethical and political concerns He goes on to demonstrate that these relations inform the theorist s critical examinations of such literary works as Wuthering Heights and The Merchant of Venice and his treatment of W B Yeats and Oscar Wilde

The Idea of Culture Terry Eagleton,2013-05-29 Terry Eagleton s book in this vital new series from Blackwell focuses on discriminating different meanings of culture as a way of introducing to the general reader the contemporary debates around it

The Task of the Critic Terry Eagleton,2009-12-08 Terry Eagleton occupies a unique position in the English speaking world today He is not only a productive literary theorist but also a novelist and playwright He remains a committed socialist deeply hostile to the zeitgeist Over the last forty years his public interventions have enlivened an otherwise bland and conformist culture His pen as many colleagues in the academy including Harold Bloom Gayatri Spivak and Homi Bhabha have learned is merciless and unsparing As a critic Eagleton has not shied away from confronting the high priests of native conformity as highlighted by his coruscating polemic against Martin Amis on the issue of civil liberties and religion This comprehensive volume of interviews covers both his life and the development of

his thought and politics Lively and insightful they will appeal not only to those with an interest in Eagleton himself but to all those interested in the evolution of radical politics modernism cultural theory the history of ideas sociology semantic inquiry and the state of Marxist theory

Terry Eagleton James Smith,2008-07-08 Terry Eagleton is one of the most influential contemporary literary theorists and critics His diverse body of work has been crucial to developments in cultural theory and literary critical practice in modern times and for a generation of humanities students his writing has been a source of both provocation and enjoyment This book undertakes a lucid and detailed analysis of Eagleton s oeuvre It gives close attention to the full range of Eagleton s major publications examining their arguments and implications as well as how they have intervened in wider debates in cultural theory It also investigates his less familiar works such as his early writing on the Catholic left as well as other as yet unpublished material showing how these works can be understood alongside the more prominent areas of his thought Through this this book offers a cohesive overview of Eagleton s career to date tracing the development of his theoretical positions and an assessment of Eagleton s wider contributions to fields such as Marxist literary criticism and cultural theory It will be essential reading for students of literary criticism cultural theory and intellectual history

Terry Eagleton Terry Eagleton,1975

Fictions of Home Martin Mühlheim,2018-04-23 This study aims to counter right wing discourses of belonging It discusses key theoretical concepts for the study of home focusing in particular on Marxist feminist postcolonial and psychoanalytic contributions The book also maintains that postmodern celebrations of nomadism and exile tend to be incapable of providing an alternative to conservative xenophobic appropriations of home In detailed readings of one film and six novels a view is developed according to which home as a spatio temporal imaginary is rooted in our species being and as such constitutes the inevitable starting point for any progressive politics

The Meaning of Life Terry Eagleton,2008-04-24 We have all wondered about the meaning of life But is there an answer And do we even really know what we re asking Terry Eagleton takes a stimulating and quirky look at this most compelling of questions at the answers explored in philosophy and literature at the crisis of meaning in modern times and suggests his own solution to how we might rediscover meaning in our lives

Radical Sacrifice Terry Eagleton,2018-04-30 A trenchant analysis of sacrifice as the foundation of the modern as well as the ancient social order The modern conception of sacrifice is at once cast as a victory of self discipline over desire and condescended to as destructive and archaic abnegation But even in the Old Testament the dual natures of sacrifice embodying both ritual slaughter and moral rectitude were at odds In this analysis Terry Eagleton makes a compelling argument that the idea of sacrifice has long been misunderstood Pursuing the complex lineage of sacrifice in a lyrical discourse Eagleton focuses on the Old and New Testaments offering a virtuosic analysis of the crucifixion while drawing together a host of philosophers theologians and texts from Hegel Nietzsche and Derrida to the Aeneid and The Wings of the Dove Brilliant meditations on death and eros Shakespeare and St Paul irony and hybridity explore the meaning of sacrifice in modernity casting off misperceptions of

barbarity to reconnect the radical idea to politics and revolution

The War Against Marxism Tony McKenna, 2021-05-06
Marxism has provided the ideological impetus to liberation movements radical struggles and revolutions across the world But in the 20th century the emancipatory and democratic power of its thought has often been distorted and overridden by various Stalinist dictatorships which claimed to be acting in its name A similar undermining of freedom of thought has been accomplished at an intellectual level various schools have transformed Marxist thought in line with some of the most fashionable but gentrified forms of contemporary philosophy shifting the focus from the democratic power of the masses and their ability to challenge the capitalist order to concentrate on superstar thinkers and elite theories The War Against Marxism traces the war against Marxism which paradoxically has been conducted in the name of Marxism itself As such it provides a fiery philosophical and polemical indictment of so called Marxists such as Adorno Horkheimer Althusser Jameson Eagleton Mouffe Laclau and Zizek and asks what can be done to stem this counterrevolution

Walter Benjamin Terry Eagleton, 2009-06-09 From our finest radical literary analyst a classic study of the great philosopher and cultural theorist

Why Marx Was Right Terry Eagleton, 2018-04-10 In this combative controversial book Terry Eagleton takes issue with the prejudice that Marxism is dead and done with Taking ten of the most common objections to Marxism that it leads to political tyranny that it reduces everything to the economic that it is a form of historical determinism and so on he demonstrates in each case what a woeful travesty of Marx's own thought these assumptions are In a world in which capitalism has been shaken to its roots by some major crises Why Marx Was Right is as urgent and timely as it is brave and candid Written with Eagleton's familiar wit humor and clarity it will attract an audience far beyond the confines of academia

On Evil Terry Eagleton, 2010-04-06 DIV In this witty accessible study the prominent Marxist thinker Terry Eagleton launches a surprising defense of the reality of evil drawing on literary theological and psychoanalytic sources to suggest that evil no mere medieval artifact is a real phenomenon with palpable force in our contemporary world In a book that ranges from St Augustine to alcoholism Thomas Aquinas to Thomas Mann Shakespeare to the Holocaust Eagleton investigates the frightful plight of those doomed souls who apparently destroy for no reason In the process he poses a set of intriguing questions Is evil really a kind of nothingness Why should it appear so glamorous and seductive Why does goodness seem so boring Is it really possible for human beings to delight in destruction for no reason at all div
