The Deeper Intelligence:

The Deeper Intelligence Andrew G. Hodges,1994 Dr Hodges explores the deeper intelligence that everyone possesses and explains how to access it offering readers the potential for using the untapped areas of their subconscious minds to achieve goals improve relationships and make their lives more productive and enjoyable **Heaven and Hell** Emanuel Swedenborg,2010-06-04 Gain an expansive understanding of life after death with Emanuel Swedenborg s Heaven and Hell an unparalleled exploration of the spiritual world In this seminal work Swedenborg shares his extraordinary experiences of visiting heaven and hell providing a detailed account of the afterlife based on what he heard and saw Heaven and Hell delves deep into the structure and nature of spiritual realms explaining the spiritual laws that govern them and offering profound insights into what happens to us after we die Readers will discover the beauty and harmony of heaven why some people choose hell and the state of souls in the world of spirits Swedenborg s vivid descriptions and spiritual teachings offer a path to understanding our eternal journey and the reality of divine love that sustains us Whether you are curious about life after death seeking spiritual growth or interested in Swedenborg s theology Heaven and Hell provides transformative wisdom and a compelling vision of the afterlife Join countless readers who have found comfort inspiration and enlightenment in Swedenborg s revelations and embark on your own journey of spiritual discovery [In the Shadow of the Machine](#) Jeremy Naydler,2018-05-29 Contemporary life is so deeply reliant upon digital technology that the computer has come to dominate almost every aspect of our culture What is the philosophical and spiritual significance of this dependence on electronic technology both for our relationship to nature and for the future of humanity And what processes in human perception and awareness have produced the situation we find ourselves in As Jeremy Naydler elucidates in this penetrating study we cannot understand the emergence of the computer without seeing it within the wider context of the evolution of human consciousness which has taken place over millennia Modern consciousness he shows has evolved in conjunction with the development of machines and under their intensifying shadow The computer was the product of a long historical development culminating in the scientific revolution of the 17th century It was during this period that the first mechanical calculators were invented and the project to create more complex thinking machines began in earnest But the seeds were sown many hundreds of years earlier deep in antiquity Naydler paints a vast panorama depicting human development and the emergence of electronic technology His painstaking research illuminates an urgent question that concerns every living person today What does it mean to be human and what if anything distinguishes us from machines **Preparing for the Great Waves of Change** Marshall Vian Summers,2025-01-18 As we open the pages of Preparing for the Great Waves of Change we are confronted with several new challenges and concepts for us as individuals and for humanity as a whole about the world we live in and about the universe around us As a world we are now facing two significant challenges The first is what this book calls the Great Waves of Change which are a converging set of social environmental and economic forces

impacting the world The second is Contact with a Greater Community of intelligent life in the universe Visitation by extraterrestrial life from beyond our solar system is now underway around the world and represents a major step in the evolution of the human species and a significant challenge to our human sovereignty Preparing for the Great Waves of Change is part of a larger communication received by Marshall Vian Summers from a group of spiritual teachers offering a new awareness and preparation for navigating the challenges of our rapidly changing world It is a book of teachings to help us discover what the signs of our changing world may be telling us at a deeper level It encourages us to bring forth the gift of our innate Knowledge not intellectual knowledge but an innate human intelligence attempting to guide us in life It is about undertaking an inner and outer preparation in our lives to help us develop our innate intelligence to guide our actions step by step as we face the alarming likelihood of escalating food costs and shortages economic hardship rising sea levels catastrophic weather events and conflict and war over the world s remaining resources all while facing competitive visitation from the universe

The Journey to a New Life Marshall Vian Summers,2019-03-31 The Journey to a New Life opens before you the journey to discovering your higher purpose and greater relationships in life With this The Journey to a New Life reveals the true cause of the inner confusion isolation and suffering felt by people around the world and the pathway of resolution that the Creator of all life is now providing Here God is calling you to awaken from the dream and nightmare of Separation and to begin a new journey in life where you discover and build your connection to Knowledge the deeper spiritual mind that God has placed within you to guide and protect you This journey of awakening and return will bring you back to your original purpose for entering the world the memory of those who sent you and the greater contribution you are meant to provide Here a sacred process begins that has the power to free you from the past and prepare you for a new and greater life in the future Each chapter of The Journey to a New Life is a revelation given from the Source compiled into this text by the Messenger Marshall Vian Summers The Journey to a New Life is the sixth book in Volume 1 of The New Message from God

Living Your Magic Robert Anthony,2019-09-03 Living Your Magic lays out how life when people really look at it is like a magic trick A magic trick works because of illusion and misdirection And with all sorts of tricks of the mind human thinking and perception works just like a magic trick When people don t understand how the trick is done they get fooled every time In Living Your Magic Dr Robert Anthony teaches readers how to look at their life before the trick or the illusions happens and how to never be fooled again Rather than following the same flawed premise behind almost every self help therapeutic or personal development methodology that projects people having a separate self that needs fixing Living Your Magic sees that self as an illusion The problem is that most people don t

recognize it as an illusion and believe they must change or improve their self before they can be happy and live a magical life Dr Anthony reveals that everyone has an Inner Creative Genius that allows them to live a magical life if people would only learn to trust it and get out of their own way In that way life becomes easier by giving people less to think about less to remember and less to do so they can truly enjoy their mind and enjoy their life
