, The Hologram Cassie Thornton,2020-07-20 In an era when capitalism leaves so many to suffer and to die with neoliberal self care offering little more than a bandaid how can we take health and care back into our hands In The Hologram Cassie Thornton puts forward a bold vision for revolutionary care a viral peer to peer feminist health network The premise is simple three people a triangle meet on a regular basis digitally or in person to focus on the physical mental and social health of a fourth the hologram The hologram in turn teaches their caregivers how to give and also receive care each member of their triangle becomes a hologram for another different triangle and so the system expands Drawing on radical models developed in the Greek solidarity clinics during a decade of crisis and directly engaging with discussions around mutual aid and the coronavirus pandemic The Hologram develops the skills and relationships we desperately need for the anti capitalist struggles of the present and the post capitalist society of the future One part art one part activism one part science fiction this book offers the reader a guide to establishing a Hologram network as well as reflections on this cooperative work in progress
