The Intelligence Establishment:

The Intelligence Establishment Harry H. Ransom, 1970-01-01 CIAs historiske baggrund dets udvikling basale funktioner medlemmer om de forskellige forhold til kongressen Bogen indeholder også en kort gennemgang af det engelske efterretningsvesen og til sidst en generel analyse og problematisering af bureaukratiet indenfor efterretningsvesen som sådan og endelig en konklusion **Foreign Relations of the United States, 1945-1950** United States. Department of State, 1996

Emergence of the Intelligence Establishment Gordon Press Publishers, 1997-06 **Emergence of the Intelligence Establishment**, 1996 **Foreign Relations of the United States**, 1965 Studies in Intelligence, *The Intelligence Intellectuals* Peter C. Grace, 2026-01-05 The untold story of how America's brightest academic minds revolutionized intelligence analysis at the CIA In the early days of the Cold War the United States faced a crisis in intelligence analysis A series of intelligence failures in 1949 and 1950 including the failure to warn about the North Korean invasion of South Korea made it clear that gut instinct and traditional practices were no longer sufficient for intelligence analysis in the nuclear age The new director of the Central Intelligence Agency Walter Bedell Smith had a mandate to reform it Based on new archival research in declassified documents and the participants personal papers *The Intelligence Intellectuals* reveals the neglected history of how America's brightest academic minds were recruited by the CIA to revolutionize intelligence analysis during this critical period Peter C Grace describes how the scientifically sound analysis methods that they introduced significantly helped the United States gain an advantage in the Cold War and these new analysts legitimized the role of the recently created CIA in the national security community Grace demonstrates how these professors such as William Langer from Harvard Sherman Kent from Yale and Max Millikan from MIT developed systematic approaches to intelligence analysis that shaped the CIA's methodology for decades to come Readers interested in the history of the Cold War and in intelligence scholars of intelligence studies Cold War historians and intelligence practitioners seeking to understand their craft's foundations will all value this insightful history about the place of social science in national security **The CIA and the Politics of US Intelligence Reform** Brent Durbin, 2017-07-28 This book presents a thorough analysis of US intelligence reforms and their effects on national security and civil liberties *The Creation of the Intelligence Community* Center for the Study of Intelligence (U.S.), 2007 President Truman shuttered the Office of Strategic Services OSS as an unneeded wartime only special operations quasi intelligence agency The State Department the Navy and the War Department quickly recognized that a secret information vacuum loomed and urged the creation of something to replace OSS These previously declassified and released documents present the thoughtful albeit tortuous and contentious creation of CIA culminating in the National Security Act of 1947 The declassified historic material dissects the twists and turns and displays the considerable political and legal finesse required to assess the many plans suggestions maneuvers and actions that ultimately led to the establishment of the Central Intelligence Agency and other national security entities which included the

incorporation of special safeguards to protect civil liberties Copies of selected intelligence documents and a timeline of milestones in the creation of the US Intelligence Community from 1941 through 1964 are included in this resource

Directors of Central Intelligence and Leaders of the U. S. Intelligence Community Douglas Garthoff, Central Agency, 2012-08-01 In the wake of 11 September 2001 the issue of homeland security spawned a vibrant public discussion about the need to coordinate a wide range of federal governmental activities to achieve greater security for the United States Congress enacted laws that established a new executive department the Department of Homeland Security and a new federal intelligence chief the director of national intelligence In both cases the objective was to integrate activities of disparate organizations better in order to improve critical government functions In fact for more than half a century there have been numerous efforts to enhance cooperation among the many parts of the nation s intelligence establishment under the leadership of a principal intelligence official called the director of central intelligence The story of this study is what the nation s leaders expected of directors of central intelligence in accomplishing this task and how those who held the responsibility attempted to carry it out The hope is that lessons drawn from that experience can inform today s ongoing debate about how best the new director of national intelligence can accomplish America s national intelligence mission The study presents an unusual perspective Examinations of past intelligence performance often focus on how intelligence has played a role in specific circumstances Studies of directors of central intelligence have usually stressed how they led the Central Intelligence Agency conducted their relationships with the president or affected US policy No study until this one has focused on how each director sought to fulfill his community role This book was prepared under the auspices of the Center for the Study of Intelligence by Dr Douglas F Garthoff a former CIA analyst and senior manager It reflects the author s deep experience in Intelligence Community affairs as well as his extensive research and interviews Dr Garthoff s study represents a valuable contribution to our professional literature and a rich source of insights at a moment when the responsibilities and authorities of the Intelligence Community s senior leadership are again in the public spotlight Views of Many Eminent Canadians on the Establishment of an Imperial Intelligence Service on a Comprehensive Scale Sandford Fleming, 1906
