Critical Realism and Marxism Andrew Brown, Steve Fleetwood, John Michael Roberts, 2002 This book examines the relationship between critical realism and Marxism The authors argue that critical realism and Marxism have much to gain from each other This is the first book to address the controversial debates between critical realism and Marxism and it does so from a wide range of disciplines The authors argue that whilst one book cannot answer all the questions about the relationship between critical realism and Marxism this book does provide some significant answers In doing so Critical Realism and Marxism reveals a potentially fruitful relationship deepens our understanding of the social world and makes an important contribution towards eliminating the barbarism that accompanies contemporary capitalism **Time** Briton Hadden, Henry Robinson Luce, 1929 Reels for 1973 include *Time index* 1973 **The Smart Set** ,1908 **Johnson National Drillers Journal** ,1929 **Future People** Tim Mulgan, 2006-01-05 What do we owe to our descendants How do we balance their needs against our own Tim Mulgan develops a new theory of our obligations to future generations based on a new rule consequentialist account of the morality of individual reproduction He argues that the resulting theory accounts for a wide range of independently plausible intuitions covering individual morality intergenerational justice and international justice In particular the moderate consequentialist approach is superior to its two main rivals in this area person affecting theories and traditional consequentialism The former fall foul of Parfit s Non Identity Problem while the latter are invariably implausibly demanding Mulgan also claims that most puzzles in contemporary value theory such as Parfit s Repugnant Conclusion are actually puzzles in the theory of right action and can only be solved if we abandon strict consequentialism for a more moderate alternative The heart of the book is the first systematic exploration of the rule consequentialist account of the morality of individual reproduction Mulgan demonstrates that this account is superior to all available alternatives both consequentialist and non consequentialist Once we recognise the intergenerational dimension moral and political philosophy cannot be considered in isolation The latter must be founded on the former Rule consequentialism provides the best foundation for a theory of intergenerational justice **Future People** brings together several different contemporary philosophical discussions obligations to future generations the morality of individual reproduction the demands of morality and international justice While the focus is on developing a new account there are also substantial discussions of alternative views especially contract based accounts of intergenerational justice and competing forms of consequentialism
