Time For Justice:

Creating Hope: Working for justice in catastrophic times Yarrow Goodley, 2022-09 In the 2022 James Backhouse Lecture Yarrow Goodley looks at the critical issue of climate justice at how our responses to the climate emergency have the potential for great suffering as well as great redemption In a world where the rich pollute and the poor suffer we do not just need to address our rapidly warming planet but also the injustices which drive this environmental catastrophe In conversation with Quaker and non Quaker activists Yarrow explores the history of this crisis and the despair and hope we must negotiate in coming to grips with a problem of planetary proportions This crisis offers us an unparalleled opportunity to remake our political economic and social systems in ways that support a liveable planet while addressing the profound injustices of our age especially racial inequality Yarrow asks us What can we do and seeks to offer ways forward that create hope not just for all people but for all the living creatures on our small bluegreen planet
