Managing Creative People Gordon Torr,2011-01-19 A clash between the ideology of growth and the growth of ideas between control and creativity between measurement and the immeasurable between predictability and the fickle muses of inspiration in engulfing our boardrooms In this scathing swipe at the institutionalised idiocy that is stifling creativity just at the time the world needs it most Gordon Torr draws from the leading lights of creativity research to demolish the myths that surround the generation of ideas in the modern organisation The curse of the brainstorm the commoditisation of creative talent the deskilling of the imagination the startling

inadequacies of management theory these and the many other horrors of idea assassination that run rampant in creative sector companies are dissected and disembowelled in this hilarious expose of the drama that unfolds every time a new idea slides across the boardroom table This book sets out to address the black hole that surrounds the management of creative people debunking many myths of creativity and outlining a revolutionary approach to the pressing issue of creative productivity in the contemporary creative sector company A handbook of tools techniques methods and practical ideas whose USP is a framework for thinking about efficient creative management how to extract value from creative time Gordon Torr presents a logical argument that puts in place the building blocks of the author s knowledge and experience towards the final architecture We need them as never before And we know that they re somehow different Yet the productive management of creative people is an almost totally neglected science I doubt if there s a single industry that wouldn t gain immediate advantage from Gordon Torr s scrupulous and enlightening detective work Jeremy Bullmore

Using Time Management to Get More Done Lauren Robert Januz,1992 **GAO Review** ,1985 Manufacturing Engineering and Management ,1960 **Finish The Damn Thing** Rowen Price,2025-08-08 You have 17 half finished novels a craft room that looks like Pinterest exploded and enough brilliant ideas scribbled on napkins to wallpaper your kitchen Sound familiar You re not broken you just need a different approach Traditional time management advice was written by robots for robots If your brain ping pongs between ideas faster than a caffeinated hummingbird those rigid systems feel like creativity kryptonite This book is different Written by someone who went from corporate project management to juggling writing family and the beautiful chaos of creative life What you ll discover The SPARK goal system that works with creative brains instead of against them Energy based scheduling that honors your natural creative rhythms The creative triage method for prioritizing when everything feels important Flexible time blocking that bends without breaking when inspiration strikes No more Guilt about your productivity failures Forcing creativity into corporate boxes Starting project 47 while 1 46 gather dust Instead A sustainable system that helps you actually finish the work that matters Your creative mind isn t the problem it s your superpower waiting for the right operating system Stop being a professional project starter Become a professional project finisher Get your copy today and finally finish the damn thing **Research Management** ,1985 *Business Management* ,1967 *The Success Experiment* Lillian Ahenkan,2021-06-01 How would our lives change if we set our goals based on what would actually fulfil us instead of what feels easy or achievable Lillian Ahenkan s hypothesis anyone can create a unique formula for their own personal success The one size fits all approach to your best life is outdated you can do better You don t have to be exceptional or even the exception to be successful You just need to learn the algorithm Through her own success experiment Lillian transformed herself from a two time uni drop out stuck in a career that paid in burnout into highly sought after media personality FlexMami And here she shows that her experience hasn t been a fluke Instead of focusing on what you can t change spend your time hacking what you can yourself This formula combines what you know about yourself with
