Sex and Sexualities in Ireland Barbara Górnicka, Mark Doyle, 2023-10-31 This edited collection provides an invaluable resource of seventeen chapters from a wide range of academic disciplines. These chapters place sex and sexualities in Ireland in historical context and take the reader through the structural changes that have transformed the expression of sexuality in Ireland from one of self denial to self expression. The collection does not however unquestionably assume a linear narrative of progress. New issues and challenges are also addressed throughout. This book will be of interest to students and scholars from a range of disciplines including sociology, social policy, history, media, gender studies and psychology. The collection is divided into six separate but interlinked thematic sections: Sexualities in Historical Irish Contexts, Young Adults, Sexual Health and Education, Sexual Practices and Health, Minority Sexualities and Genders, Sex Work in Ireland and Activism and Contestation.

The Timeline of Irish History Fionnbarra O Criodhain, 2015-04-16 This synopsis of the History of the island of Ireland spans the entire human populated period and earlier. It gives a sense of what happened in every century and the section Tables of Contents alone along with the concluding Timeline and the associated images provide interesting reading.
