the safety of autonomous cars and After Life technology which aims to virtually revive deceased individuals through a combination of their data and DNA The culmination of six decades of research on artificial intelligence The Singularity Is Nearer is Ray Kurzweil s crowning contribution to the story of this science and the revolution that is to come *Federal Communications Commission Reports* United States. Federal Communications Commission,1972 *Making the Liberal Media* A. J. Bauer,2026-03-31 Conservatives have disagreed about many things but they have long been united by the belief that the mainstream or liberal media is biased against them Why did conflict with the press become so central to conservative identity and how has antipathy toward the media shaped the modern conservative movement A J Bauer traces how decades of right wing criticism of the liberal media reshaped US news culture and came to define conservative politics In the 1940s progressives saw the newspaper industry as a reactionary bastion and supported regulations such as the Fairness Doctrine to ensure a wider range of viewpoints over the airwaves Anticommunist campaigners soon borrowed tactics from their foes adapting claims of structural media bias and fostering skepticism toward mainstream outlets Bauer tracks the conservative turn to media activism demonstrating how allegations of bias bridged the gap between relatively mainstream figures such as William F Buckley and more extreme groups like the John Birch Society Bauer considers key moments from Texas oilman H L Hunt s bankrolling of the supposedly nonpartisan Facts Forum in the 1950s to Spiro Agnew s tirades against the media elite and the rise of watchdog groups such as Accuracy in Media in the 1970s By cultivating grassroots hostility toward the press conservatives built an audience base for the right wing media sector that emerged after the Reagan administration lifted the Fairness Doctrine From Rush Limbaugh to Fox News to today s right wing podcasts and influencers this book shows why conservative media ultimately eclipsed the movement that enabled it In recounting the long history of conflict between conservatives and the press Bauer offers a compelling new origin story for today s polarized media environment 1,201 Toughest TV Trivia Questions of All Time Vincent Terrace,1995 **The World Almanac and Book of Facts** ,1949 **Congressional Record** United States.
