Tweeners At Angels Mist:

Tweeners at Angel's Mist Nancy Pisano,2005-03-01 The words contained within these pages were not put to paper by someone sitting in a leather chair clothed in an overpriced suite and secure in a finely decorated office proclaiming to have an understanding of actions emotions or issues that they themselves have never endured I am not a physiologist and I don't claim to be a counselor I am a person that has learned to live and learn off of the experiences that I have endured I am a survivor and I have been through the shattering of my world and the struggle to pull the pieces back together I have witnessed others go through the same types of terror as well I am writing about what I have learned from my own personal experience and the experiences of others that I have witnessed This information will help you identify an abuser and understand some of what makes them tick Also explained is how and why a victim thinks and acts the way they do I'll explain the steps to take to help a friend prepare to leave an abusive relationship or how to leave it yourself **Readers' Advisory**

for Children and 'Tweens Penny Peck,2010-04-09 This complete guide to youth readers advisory covers genres reading interests and issues as well as provides lists of sample titles and recommended reading Finding children and tweens great books to read is still a key library service even in the age of computers Readers Advisory for Children and Tweens is an easy to use practical guide that will help any library staff member become more comfortable offering this service and more adept at producing satisfying results Beginning with basic advice on the readers advisory interview the book details how to find books for different age groups including young children and their parents emergent readers transitional readers and adept readers It explores genre fiction for tweens nonfiction poetry and folklore and graphic novels and it offers techniques on promoting books and reading Potentially sensitive issues such as book challenges assisting English language learners serving children from various cultures working with teachers and helping reluctant readers are addressed as well The advice is augmented with handy booklists and descriptions of dozens of websites that aid in youth readers advisory Merchant
