## **Understanding Christian Faith:**

*Understanding the Christian Faith* Georgia Elma Harkness, 1947 An excellent primer on the basic principles of Christian doctrine Harkness offers light and direction to those who are bewildered by the seeming complexities of Christian belief and practice Displaying her uncanny ability for translating the abstract and the scholarly into terms easily grasped by laypersons Harkness explains the various concepts that so often shroud Christianity in mystery *Transcending All Understanding* Walter Kasper, 2011-04-13 This is a popular account by one of Europe's leading theologians of the meaning of Christian faith and the serious contemporary challenges to that faith Kasper has gathered together various lectures and revised and reworked them for publication Not intended to be a theological treatise on faith these very readable reflections address some of the real obstacles to the understanding and deepening of personal faith in today's world Kasper examines the problem of the handing on of the faith that exists almost everywhere today Faith itself is in question today not simply the how of its being taught or handed on but the what and why of faith The knowledge of the faith has fallen to a new low today and many of the fundamental attitudes of belief reverence humility trust and devotion have become foreign to us Kasper provides profound insights into these problems and then give clear solutions to this modern dilemma *Theological Foundations* John J. Mueller, 2007 Here a team of award winning teaching scholars has come together to create an introductory text that offers a truly unique and innovative contribution to the discipline of theological studies This first book provides students of any religious tradition with the foundational skills vocabulary conceptual understanding and research abilities that they need to succeed in theology and religious studies *Theological Foundations* provides the following Ten chapters that introduce the major sub disciplines of theology creating a well rounded source for understanding the discipline as a whole Contributions that are clear accessible and steeped in content A strong basis for vigorous intellectual and personal exploration of life and our relation to God Flexibility that allows the instructor to assign readings in any order that fits his or her syllabus A one of a kind integrated library research component From the Reference Librarian which teaches students the foundational skills needed for successful study in theology and in any academic discipline *Learn: Understanding Our Faith* Church of Scotland, 2017 This attractively illustrated high quality publication aims to encourage readers to think in greater depth and detail about their Christian faith In an accessible and attractive style it offers an exploration of seven key areas of Christian belief 1 Knowing God by Rev Dr Frances Henderson 2 God the Creator by Rev Professor David Fergusson 3 God the Saviour by Professor Paul Nimmo 4 God the Spirit by Sarah Lane Ritchie 5 The Christian Church by Rev Dr Alexander Forsyth 6 The Christian Life by Rev Jan Mathieson 7 The Heavenly Things by Dr Andrew Torrance Experienced pastors teachers and theologians relate these areas of belief to the issues and questions which arise in the everyday lives of believers with the aim of encouraging Christians to reflect upon their faith and to grow in confidence as they seek to share it in daily life Each section includes a short Bible study and prayers This an ideal introductory volume to theological thinking and reflection

Learn Understanding Our Faith has three key emphases the importance of encouraging people to explore the content of their Christian faith the relevance of understanding Christian faith in terms of Christian discipleship the relevance of understanding Christian faith in terms of Christian mission Foundations of Christian Faith Karl Rahner,1978 A Crossroad book Translation of Grundkurs des Glaubens **Christianity Considered** John M. Frame,2018-05-16 Christianity is more than a religion it is also a complex intellectual tradition Christians and non Christians who want to understand the world as it is today have to understand Christianity too Christianity makes objective claims but also presents a new way of thinking about the world In A Guide to Christianity for Skeptics and Seekers renowned theologian Dr John Frame introduces the reader to the Christian religion and its unique intellectual framework describing the key pillars of Christian thought and how these shape the Christian worldview Covering a range of topics from the resurrection to the Christian posture toward politics A Guide to Christianity for Skeptics and Seekers is a valuable guide to understanding the Christian faith as an intellectual tradition Useful for both the Christian reader looking for a better understanding of the faith and the skeptical reader who seeks to understand the intellectual tradition that has done much to shape the modern world Applied Faith 101 Melvin Barnett,2011-10-01 Have you ever questioned the depth width and height of your faith Perhaps you have wondered if there was more to your Christian Faith than you might be experiencing Ever since the Fall of Man God has used Faith as a conduit to Speak to Save and Provide for His most prized creation You But do you really understand your Faith Many Christians today limit their faith to a Salvation experience only Beloved ALL God has for you in this life as well as your acceptance into His Kingdom is through YOUR FAITH In this book Melvin Barnett invites you to journey with him as he explores the obvious as well as the hidden dimensions of our Christian faith You will receive powerful insight to help measure the volume of your faith as well as discern areas where it needs to expand Embark on a journey that takes YOUR FAITH from the creation of Man to this present hour You will gain rich scriptural knowledge and at the same time discover powerful Biblical Principles of Faith that are waiting to be unleashed and enjoyed in Your life On this journey you will learn to discover God s perfect will for your Life You will gain insight into Grace Purpose and Fulfillment in your life all the while learning to avoid or overcome spiritual attack self inflicted suffering personal attacks and fear This book s simple approach to understanding faith as well as applying it will benefit any Christian in their present understanding of God s Word Whether you are searching for Divine guidance at home at church with your family friends or even at work you are sure to benefit from this refreshing look at Faith Christian Faith Hendrikus Berkhof,1991 This is a print on demand book and is therefore non returnable In today s secular world the Christian faith is viewed as only one aspect of what could be called religious life Acknowledging this Hendrikus Berkhof begins this thought provoking study with a sketch of religion and faith in general before narrowing it down to a discussion of the specific place of Christian faith Beginning with the whole of reality makes it possible to use religion as the basis from which to acquire an understanding of the relevance of the Christian faith for that total reality Thus

a study of Christian faith can answer questions that deal with the place of humanity in the cosmos the meaning of life and existence the meaning of freedom and of death Berkhof defines religion as the relation to the absolute Faith is one step beyond religion as it is the establishment of God's relationship to his people Christian faith builds on Old Testament faith because the promises of the Old Testament are accepted as being fulfilled in the ministry suffering death and resurrection of Jesus Christ For Berkhof the study of Christian faith is a systematic examination of the content of the relationship which God in Christ has entered into with us Because the study of the faith is systematic there must be an order to it This order varies from theologian to theologian for Berkhof the starting point is revelation the sources and norms for our knowledge of God This leads to a discussion of God creation of the world and of human beings Israel the person and work of Christ the church and finally the renewal of the world and of humanity Throughout the book Berkhof comments on and often takes issue with systematic theologians of the past Written for both the layperson and the scholar the text is interspersed with excurses set off in smaller type than the main text that cover specific subjects more thoroughly citing sources controversies and the like which will be of particular interest to theologians and students This newly revised edition a translation of the Dutch fifth edition takes into account developments in dogmatics in the thirteen years since Berkhof prepared the first edition of Christian Faith Berkhof's aim throughout is to present his understanding of the truth of God but as he writes in his preface the study of the faith is not something to learn so much as something to do and practice A book can do no more than help us to get started and stimulate us to try to do it on our own This book like the earlier edition admirably succeeds in meeting that goal

**Understanding Your Faith** E. Dwayne Cantrell, 2008-01-01 There comes a time in the lives of most people when faith and religion come into question When this time in life approaches it appears that there are more questions than answers Why do we have these questions What is it that we are looking for Understanding Your Faith is designed for the person who is seeking answers to fundamental questions of the Christian faith in a simple yet thought provoking format This book is also designed to be a tool for mentors and leaders to assist seekers and new believers with the faith discovery process

**The Christian Faith** Colin Gunton, 2001-10-10 This book offers a comprehensive and lively look at the Christian faith by internationally respected theologian Colin Gunton Distilling a lifetime's experience of teaching and thought this is a book for those who wish to understand the meaning and relevance of the fundamental beliefs of Christianity The order of the book follows the central themes of the Nicene Creed the manifesto of the Christian faith Beginning with consideration of creation and providence it moves on to the person and work of Christ and then to the human appropriation of belief and eschatology A concluding chapter brings together in a treatment of the Trinity a discussion of the divine attributes and the doctrine of God that has been revealed in the process of the book's argument No other book offers such a comprehensive systematic and accessible overview of the Christian faith It will prove invaluable to students of introductory theology as well as anyone interested in the fundamental claims of Christianity

*Understanding the Christian Faith* Charles D. Barrett, 1980-01-01

**History and Christian Faith** Edward W. H. Vick, 2003 A basic Christian claim is that God is active in human history to accomplish his purpose which he will do in the end This book considers some of the implications of this far reaching claim Christian faith is bound up with our personal history but beyond that stretches far into the past Faith is not identical with historical knowledge for example with knowledge of the facts about Jesus facts which must be established historically That involves using the historian s methods of investigation What does God reveals himself in history mean Christians claim to find an ultimate meaning in history But how can that be How is it possible to find an overall meaning in history theistic or otherwise Since Christians appeal to the New Testament in making the claim that God revealed himself in Jesus we must go beyond that book to the Christian community which existed before there was a New Testament and out of whose midst its writings came To understand those books we must interpret So where do our principles of interpretation come from and how valid are they This is the question of tradition This small book is an introduction to these interesting topics Hopefully it will help to clarify important issues and lead the reader to investigate such central matters further *The Origins of Christian Faith* Terrance Callan, 1994 The Origins of Christian Faith is a scholarly treatment of first century evidence of the beginnings of Christian faith Professor Callan carefully analyzes the different layers of New Testament tradition to discover how the first Christian communities grew step by step in their understanding of the mystery of Jesus as the Christ He explains historically each foundational level on which our Christian faith rests The result is the story of the early church s development of its faith in Jesus *The Basics of Christianity* John Rogers, 2020-07-02 Without knowing the basics of Christianity there is no way to truly understand the good news of the Gospel of Jesus Christ God offers a chance for the best life now and the promise of eternal life through faith in His son as savior and redeemer something John Rogers drives home in this book Focusing on the fundamentals of Christianity he introduces selected Scriptures and bolsters them with modern and relevant commentary He also answers questions such as What does it mean to have free will What is the most important decision you can make in your life What must you do to enjoy eternal life The author notes that God s will and ways are not human wills and ways We may be incapable of understanding His plans or the vast expanse of the universe but we can pray for His guidance Believing in an unseen being challenges us to believe in things even more incredible our Heavenly Father the virgin birth of His resurrected Son and eternal life Conquer these challenges and walk with the Lord with this important overview of Christianity **The Christian Faith** Reid A. Ashbaucher, 2015-03-23 The Christian Faith A Quick Guide to Understanding Its Inter Workings is just that a quick and concise explanation to what the Christian faith is all about and how it all works There is a great deal of confusion over the subject matter of Christianity This book was written to help alleviate that confusion If you are a new Christian or a Christian who has made new commitments to know more about your faith or just someone looking to know more about the Christian faith in general then you re invited to come inside and join the author in a discussion about the inter workings of the Christian faith While inside you will find the following subject matter The Historical Beginning The

Gospel From Beginning to End The Historical Teachings of the Faith The Canon and its Translations The Inter Workings of the Church The Book of Romans An Essay Perspective on its Teachings to the Church Study Guide Suggestions *The Compact Guide to the Christian Faith* John Schwarz,1999 An insightful study introducing readers to the Bible church history other religious belief systems evangelism prayer and more Possession and Persuasion Robert Hach,2001-11-12

Possession and Persuasion The Rhetoric of Christian Faith is a rhetorical analysis of Christian history and theology initially prompted by my experience in a fundamentalist Christian sect The story of this experience is briefly told in the prologue The Rhetoric of Surrender which describes the surrender of my life to God through a commitment to an authoritarian Christian sect in Gainesville Florida in 1972 when I was a freshman at the University of Florida I spent the following fifteen years first as a student recruit trainee and then leader in the founding church in Gainesville and then as a recruiter and trainer in other parts of the U S until I finally left the movement now called the International Churches of Christ in 1987 I subsequently combined graduate study in rhetoric with a continuing interest in biblical and historical scholarship in an effort to understand how my religious experience fit into the broader context of Christian history and theology I concluded that the New Testament language of faith originally formulated to persuade hearers of the Christian message by means of understanding had been radically redefined and its effects rhetorically reengineered by the ecclesiastical Christianity which had gradually emerged after the first century this process of rhetorical reinvention produced a language of faith that possessed its hearers by means of a mystical form of indoctrination in the interest of building a religious empire The degree to which ecclesiastical Christianity throughout its history has taken its faith language seriously my experience having been produced by a movement that took this language to its logical conclusion is the degree to which its adherents experience a religious bondage that amounts to the antithesis of the spiritual freedom and social equality of the original experience of Christian faith Part I Faith as Possession addresses critical changes made by post apostolic theologians in the apostolic discourse of the New Testament about the message of Jesus specifically with reference to the rhetorics of authority Chapter One knowledge Chapter Two and justice Chapter Three This rhetorical reengineering of apostolic language facilitated the rise of the institutional Church which rapidly replaced the apostolic message as the authorized mediator between God and humanity in general and between God and the community of faith in particular That is the dynamic of persuasion by an eschatological message was rapidly replaced by the dynamic of possession by an ecclesiastical system The redefinition and reconceptualization of these apostolic terms amounted to the rhetorical invention of Christianity a form of Greco Roman mythology which has little in common with the faith of Jesus as it is revealed in the New Testament The faith of Christianity became and continues to be to varying degrees a form of possession insofar as it consists of in both a mystical and an institutional sense belonging to the Church which relieves its members of their responsibility for their own identity and destiny Part II Faith as Persuasion explores the rhetoric of three apostolic ideals which have generally received little more

than lip service by post apostolic Christianity understanding Chapter Four anticipation Chapter Five and freedom Chapter Six These concepts are integral to persuasion as the modus operandi of the apostolic Christian faith Understanding is a prerequisite to authentic persuasion in that persuasion or belief without understanding is the essence of possession In that the meaning and power of the Christian message are a matter of the hope of resurrection to life in the coming kingdom of God anticipation is the logical response to being understandingly persuaded of the truth of the message And insofar as internal bondage characterizes life without hope

*The Essentials* David Sherbino,2021-11-15 This book is designed to help Christians explore and understand some of the basic teachings of the Christian faith and to be able to grasp its significance in daily life The material is designed so that it may be used in study groups for those who wish to have a better understanding of the basic tenets of the faith classes that prepare individuals for membership in a local congregation or for those who wish to study for personal enrichment The material in each chapter is not intended to present an exhaustive definitive understanding but rather it is a guide on how you might start and then further explore the various topics There is so much more that could be added to this study and the reader or teacher is encourage supplement or delete every topic as interest dictates and the second half of the text includes an appendix in the form of a deeper Bible study This is an integral part of the material in that it allows the participant to explore each topic in more depth by studying specific scriptures and answering questions related to the reading Though the content reflects more of a Reformed perspective at this introductory level of study the author has tried to avoid some of the more controversial theological issues that could come up The material is grounded however in biblical orthodoxy such that all Christians would agree on these issues
