Your Inner God Carmina Harr,2014-11-07 I can certainly state that writing can change your life It is one of the therapies I practised and it had very good results That is how I began to write the book Initially out of impulse Afterwards I realized how much it helped me writing everything I felt in my heart The miracle offered by writing is that you get the answers to all your questions Those questions to which only your heart can answer Once you find answers to everything you did not even think you would come up with solutions you are absolutely healed I feel that only a person completely healed can help the others The rest is just dust in the wind The message of the book is practically beyond words If you open yourself the God within you will write with your own hand everything your mind would not even think possible A few words about me Following my inner transformation I have become what I am now What are the fundamental features that define me I am a determined woman very active I relish the experiences full of action I always know what I want and where I want to get I act for what I want I am an expansive woman full of life I attract people around me by the intelligence and refinement I have I am attracted to powerful persons with a sparkling intelligence I have spiritual aspirations and I have the spontaneous quality of leading those around me on the path of self discovery

The (G)od Theory Sasha Ravae,2022-08-19 Since birth we have been conditioned to believe that money will make us happy an attractive and successful partner will make us happy a high IQ will make us happy a big house will make us happy a thriving career will make us happy a perfect life will make us happy but this is all a lie Whenever we pursue happiness we are immediately losing touch with the fact that happiness is already here right now in this very moment without us having to do anything or question anything happiness just is With The God Theory there is no script to stick to the only requirement is that you let your light shine through that you be a true manifestation of the Divine s love and not Ego The process of discovering your Inner God is all about turning your power inward instead of outward no longer giving your power away to anything or anyone and acknowledging that the Creator put you here for a very specific reason this takes patience practice and dedication But once achieved everything in life becomes easier because we re now in flow It s all about swimming downstream
