**Valhalla, Calvary & Auschwitz** S. Giora Shoham, 1995 In this tour de force S Giora Shoham reveals the social cultural and political mechanics of how anti-Semitism became the motivating ideology of the Third Reich and the Nazi movement This ideology impelled an evil empire to murder some six million Jews and millions of other undesirables viz Slavs Gypsies Communist commissars etc The book provides the most detailed and cogent answer yet to the often asked question how is it possible for the most civilized nation possessing the highest technological and scientific skills to embark on a campaign of murder rape and robbery on a scale unprecedented in world history Even more pertinent for the Jews has been the question why were the Jews singled out for immediate massacre and then systematic destruction No single compelling answer has been proffered in the past fifty years Shoham explains why the German social character and the Jewish social character were dramatically opposed why the clash between them was inevitable given the right circumstances and why the Holocaust was inevitable in Germany due to an incestuous relationship between Germans and Jews The multidisciplinary approach of the author raises interesting methodological questions which will no doubt stimulate debate among scholars
