Values In Conflict:

Complexity and the Experience of Values, Conflict and Compromise in Organizations Ralph Stacey, Douglas Griffin, 2008-03-20 What role do values play in organizational life How do they shape the efficiency and effectiveness of organizational change This volume examines what we actually mean when we use the term values and what it means to act according to values in ordinary everyday life The contributors to this volume provide an exposition of the circular relationship between values conflict and compromise It can be said that current research lacks a thorough exploration of what we actually mean by human values and what it means to act according to values in ordinary everyday life in organizations This is what the chapters in this volume seek to address through the reflections of organizational practitioners on their ordinary work in organizations Covering subject areas such as organizational theory and behaviour and organizational analysis as well as the sociology of work and industry this book will appeal to researchers and practitioners alike *Leadership Roles and Management Functions in Nursing* Bessie L. Marquis, Carol Jorgensen Huston, 2009 Now in its Sixth Edition this foremost leadership and management text incorporates application with theory and emphasizes critical thinking problem solving and decision making More than 225 case studies and learning exercises promote critical thinking and interactive discussion Case studies cover a variety of settings including acute care ambulatory care long term care and community health The book addresses timely issues such as leadership development staffing delegation ethics and law organizational political and personal power management and technology and more Web links and learning exercises appear in each chapter An Instructor s CD ROM includes a testbank and PowerPoint slides

The Implications of Value Conflict Marina Kouzakova, Naomi Ellemers, Sophia Fieke Harinck, Daan Scheepers, 2011 We present two studies demonstrating the implications of having different values vs instrumental concerns in a situation where people take conflicting positions Study 1 N 266 examined how people respond to a range of conflict issues that were framed either as referring to conflicting values or as referring to conflicting interests Study 2 N 77 used a more immersive methodology in which participants were led to consider either their values or interests in taking up a particular position after which they were presented with a confederate who took up the opposite position Results of both studies converge to demonstrate that framing a particular conflict issue in terms of values causes people to experience more self involvement and to perceive less common ground This is seen as a potential explanation of why value conflicts tend to more easily escalate than conflicts of interests but also offers scope for interventions that try to de escalate and resolve the conflict by emphasizing instrumental rather than value differences

Yearbook Michigan Education Association. Department of Elementary School Principals, 1927 Moral conflicts and ethical perspectives in dementia care Sagit Lev, Mark Schweda, Milena von Kutzleben, 2025-04-29 Dementia constitutes a group of disorders marked by a progressive decline in cognitive function resulting in a significant loss of independence As per the World Health Organization WHO the global prevalence of dementia has surpassed 55 million individuals with nearly

10 million new cases emerging annually Given the cognitive decline and progressive nature of these underlying diseases formal and informal caregivers of individuals with dementia whether in community based or institutional settings encounter a diverse array of moral conflicts pertaining to intervention and decision making in their care Recent studies on moral conflicts in dementia care have highlighted the tension between preserving autonomy and safeguarding patients from harm particularly in situations involving exposure to abuse transition to institutional care and resistance to treatment Additionally research has explored moral decision making complexities at the end of life emphasizing the balance between duration and quality of life Topics such as tube feeding versus manual feeding life prolonging treatments palliative care and advance directives in dementia patients have been subjects of investigation

Organizational Behaviour: Text and Cases, 3rd Edition
Singh Kavita, 2015 The third edition of Organizational Behaviour Text and Cases offers a concise yet comprehensive coverage of the theories that determine behaviour in organizations The relationship between effective organizational behaviour and the effective functioning of an organization is established through a clear and lucid style of presentation With the help of necessary concepts tools and techniques necessary for understanding behaviour in organizations this book attempts to unfold human behaviour at four levels starting from the individual processes and moving on to the interpersonal organizational and change processes It encourages active learning through exercises field projects and case studies and develops competencies that are essential for becoming successful managers and effective employees in organizations The three new chapters Career Planning and Management Performance and Reward Management and Gender Issues in Management help readers understand organizational behaviour in the current Indian business scenario better

KEY FEATURES Classroom tested case studies pertaining to actual incidents from the workplace Several examples from BPCL HCL Technologies Wipro Infosys and SAP highlighting the best practices in the industry Caselets focusing on behavioural issues in organizations Field projects involving students in data collection and analysis Marginalia summarizing crucial points and serving as quick references A companion website featuring multiple choice questions learning objectives an instructor's manual and PowerPoint lecture slides enabling effective presentation of concepts

Social Conflict within and between Groups Carsten K. W. De Dreu, 2014-05-09 Intergroup competition and conflict create pervasive problems in human society giving rise to such phenomena as prejudice terrorism ethnic cleansing and interstate war Citizens policy makers social workers schoolteachers and politicians wrestle with these problems and with difficult questions these issues pose What causes conflict to escalate How should we manage conflict within communities and also in society at large Is conflict always bad or does it have other more beneficial consequences Social Conflict within and between Groups provides an overview of contemporary research from the social sciences on these questions It brings together the research output of a number of leading researchers in psychology management and economics sociology and political science and draws on the outcomes of ten prominent research programs conducted over the past five years The chapters cover a range of fascinating topics including prejudice and

discrimination in multi ethnic societies and conflict and negotiation in the field of industrial relations The authors also consider the possibilities for intervention at the interpersonal intergroup and societal level This is the first volume to provide an interdisciplinary overview of the various scientific approaches to studying the origins and consequences of social conflict It will be of great interest to researchers graduates and upper level undergraduate students from across the social and behavioural sciences
