Strategic Management For Academic Libraries:

Strategic Management for Academic Libraries Robert M. Hayes, 1993-08-18 This professional reference for academic librarians provides detailed guidance for the strategic management of academic libraries While strategic planning is important this volume recognizes that even the best plans must confront the reality of implementation of services and facilities within the library on a daily basis This book offers solutions to immediate operational problems within the academic library and treats strategic planning as but one component of overall strategic management The first part of the work overviews definitions and discusses the issues and objectives central to strategic library management The second part contains chapters on the academic and external contexts within which the library functions and looks at the impact of those contexts on the strategic management plan The third part provides detailed information on technical tools and procedures by which strategic management can be accomplished

Strategic Management for Public Libraries Robert M. Hayes, Virginia A. Walter, 1996-09-24 Drawing on Hayes's previous work in *Strategic Management for Academic Libraries* this professional reference addresses the unique circumstances and needs of public libraries and provides thorough guidance on how to manage change successfully in the community library environment The volume provides a conceptual framework for strategic management identifies its major concerns and relationships to the tactical and operational management of public libraries discusses the particular problems and needs of community libraries and details the assessment of the library's strategic position The final section of the book offers extensive practical information for formulating and implementing strategic management in the public library setting Public libraries must operate in a time of increasing change both within the library community and throughout the larger social and economic environments in which the library must function All community libraries regardless of size must prepare for the strategic changes that are occurring such as the National Information Infrastructure and the onrush of electronic information Planning for change is not enough Change must be managed strategically through the library's recognition of its needs and objectives in relationship to the shifting contexts in which it must operate This professional reference is a comprehensive guide to the strategic management of change in community libraries Drawing on Hayes's work in *Strategic Management for Academic Libraries* this volume addresses the unique circumstances and needs of public libraries and provides thorough guidance on how to manage change successfully in the community library environment The volume provides a conceptual framework for strategic management identifies its major concerns and relationships to the tactical and operational management of public libraries discusses the particular problems and needs of community libraries and details the assessment of the library's strategic position The final section of the book offers extensive practical information for formulating and implementing strategic management in the public library setting
