## Two Screenplays:

**Jean Cocteau** James S. Williams, 2008-02 Evaluating Cocteau's career and his fascinating personal life on equal terms James Williams offers here a groundbreaking analysis that sets them both within highly revealing historical and artistic contexts

**Robert Rossen** Alan Casty, 2013-03-13 This book calls for a re-evaluation of the films of Robert Rossen Over a 30 year period he was the most accomplished writer and director who was also a longtime member of the Communist Party but his achievement has not been recognized his films have been belittled or ignored his legacy denied Rossen's films reflected his times and the American scene with a dramatic intensity and personal expression unmatched by any other filmmaker of the period The stages of his political journey from idealism about Communism to his rebellion against the Party's betrayal of those ideals influenced the rendering of his concerns and themes the flaws of human nature the complexities of motives the paradoxes of betrayal personal and political Yet Rossen testified against his fellow filmmakers and so his morals and character have been denounced his work diminished as fatally marred by his moral flaws The opposite is true Here is a thorough analysis of each of his 22 films and their place in the developing themes of his body of work It integrates this study of the films with a documented narrative of his relationship to the Party its history and conflicts its duplicities especially the relations of the Party and its followers to the oppressions of the Soviet Union And so it challenges the validity of the conventional wisdom about the moral issues of the blacklist period

**Mildred Pierce** Ranald MacDougall, 1980 Mildred Pierce had gorgeous legs a way with a skillet and a bone deep core of toughness She used those attributes to survive a divorce and poverty and to claw her way out of the lower middle class But Mildred also had two weaknesses a yen for shiftless men and an unreasoning devotion to a monstrous daughter

*Who Wrote Citizen Kane?* Warren Buckland, 2023-09-28 This book offers a solution to one of film history's major controversies the long running dispute over Orson Welles and Herman J Mankiewicz's contributions to the Citizen Kane screenplay It establishes the vital importance of computing and statistics to solving previously intractable puzzles in the arts and humanities Citizen Kane 1941 is one of the most acclaimed films in the history of cinema For 50 years it topped the Sight Sound film critics poll Orson Welles directed the film and is credited with co-writing the screenplay with Herman J Mankiewicz But the co-writer credit generates furious disputes between those who argue Mankiewicz is the sole author of Citizen Kane and those who claim that Welles collaborated fully with its writing The author employs computing and statistics to answer two questions What are the distinguishing features of Welles and of Mankiewicz's writing And What did each contribute to the writing of the Citizen Kane screenplay To answer these questions the author bypasses opinions and impressions and instead subjects the language of the Citizen Kane screenplay to a forensic examination Employing linguistics basic statistical tests plus computer technology and software the author identifies the stylistic signature of each author the combination of consistent and regular linguistic habits that make each author's writing distinctive This book replaces impressionistic discussions of Mankiewicz's

and Welles contributions to the Citizen Kane screenplay with a rigorous experiment driven statistical analysis Earlier statistical studies of authorship have discovered that small unassuming language features such as punctuation pronouns and prepositions in statistically significant quantities constitute a screenwriter's distinctive writing habits Only with the extensive experimentation carried out in this volume did the author decide Mankiewicz's and Welles' specific habits and their contributions to Citizen Kane
