The Contract:

The Construction of Commercial Contracts JW Carter, 2013-01-04 This book adopts a principled approach to the law applied in the construction of commercial contracts This approach is presented as part of a coherent theory of the law of contract construction which makes a unique contribution to scholarship and understanding of the most important aspect of the practice of commercial lawyers The law is explained by reference to three stages in construction It distinguishes the preliminary stage in which context is established from the meaning and application stages of contract construction The approach provides insights both into the practical problems that lawyers face in particular in relation to admissibility of extrinsic evidence and the theoretical underpinnings of the subject The book also explains the relationship between intention and construction and discusses general and specific rules that determine the results of construction disputes Each chapter is introduced by statements of its objectives and the book includes simple definitions of key concepts as well as summaries of the complex principles which comprise the law of construction In illustrating construction principles and their application the exposition of the law draws on the author's knowledge of Australian contract law and the influence and role of the UNIDROIT principles CISG and the American Restatement Second Contracts

The Impact of Corruption on International Commercial Contracts Michael Joachim Bonell, Olaf Meyer, 2015-08-29 This volume presents national reports describing the legal instruments that are available to prevent the payment of bribes for acquiring contracts Anti corruption is one of the preeminent issues in the modern global commercial order and is tackled with the help of criminal law and contract law in different ways in different countries The reports included in this volume from very diverse parts of the world represent a unique and rich compilation of court decisions doctrinal discussions and a pool of suggested solutions The central theme is the enforceability of three problematic types of contracts the bribe agreement whereby a bribe payer promises the agent of his business partner a personal benefit in exchange for favourable contract terms the agreement between a bribe payer and an intermediary a bribe merchant where the latter offers his expertise to help funnel bribes to agents of the business partner and finally the contract between the bribe payer and his business partner which was obtained by means of bribery The analysis is tailored toward commercial contracts which can also include contracts with state owned enterprises The examination and comparison of international and national initiatives included in this volume advance the discussion on the most appropriate remedies in corruption cases and show how to get past the boundaries of criminal private and contract law
