**Threads of Hope** Susan Dale, 2016-02-22 On 1st October 2012 April Jones aged 5 was abducted from outside her home in the small Welsh market town of Machynlleth This led to the largest police search operation of its kind ever conducted in the UK and a subsequent murder investigation and trial which was scrutinised by the international media This book uses a collaborative narrative research process to explore the lived experiences of one specific group of community members who responded to this event by setting up and running a therapeutic project to support the community between 2012 and 2014 The author weaves together threads of the story taken from her own ethnographic journal and co researcher accounts together with community updates taken from press releases and academic theory to create an evocative narrative account that will enable readers to understand what it may be like to be involved in a therapeutic project of this kind The book highlights some of the challenges and offers suggestions for community leaders therapeutic practitioners and critical incident planners who may be considering setting up support in response to community trauma [Threads of Hope](#) Andrea

General Pinochet a chronology of Chile several new testimonies from arpilleristas in their own words and an introduction by Peter Kornbluh It retains a section of full color plates of arpilleras an afterword by Peter Winn and a foreword by Isabel Allende Students and interested readers will find the arpilleras beautiful moving and ultimately hopeful and the testimonies a powerful way to learn about the history of contemporary Latin America and the arpillera movement in Chile **Star-flowers**
