The Experience of God David Bentley Hart,2013-09-24 Despite the recent ferocious public debate about belief the concept most central to the discussion God frequently remains vaguely and obscurely described Are those engaged in these arguments even talking about the same thing In a wide ranging response to this confusion esteemed scholar David Bentley Hart pursues a clarification of how the word God functions in the world s great theistic faiths Ranging broadly across Judaism Christianity Islam Vedantic and Bhaktic Hinduism Sikhism and Buddhism Hart explores how these great intellectual traditions treat humanity s knowledge of the divine mysteries Constructing his argument around three principal metaphysical moments being consciousness and bliss the author demonstrates an essential continuity between our fundamental experience of reality and the ultimate reality to which that experience inevitably points Thoroughly dismissing such blatant misconceptions as the deists concept of God as well as the fundamentalist view of the Bible as an objective historical record Hart provides a welcome antidote to simplistic manifestoes In doing so he plumbs the depths of humanity s experience of the world as powerful evidence for the reality of God and captures the beauty and poetry of traditional reflection upon the divine

A Universe Full of Magical Things David A. Yeats,2019-12-14 Traditional science holds that everything that exists starts with matter but this undocumented belief must be false according to Quantum Mechanics It has to be QM demonstrates that There is no such thing as matter or space or time A conscious observer is a necessary condition for anything to exist There is only subjectivity without any objective truth The world we experience therefore must be an illusion like a holodeck program or a virtual game And no one disputes the conclusions of this mysterious science Quantum Mechanics underlies all of reality This virtual experience we are having is nevertheless alive and conscious and deliberately makes choices Life has always been latent in the universe every species is aware intelligent and chooses and existence according to spiritual and scientific conclusions alike is one unified evolving and emerging intelligent being purposefully partnering with the universe in influencing what it is to become Sound strange What is far stranger is the materialist notion that existence burst forth out of absolutely nothing That s why this book matters The life we live is not based in some mindless and mechanical machine The life we live is filled with purpose and meaning and we humans have work to do to bring our world along Join in on this astonishing unfolding journey which we participate in fashioning The Greatest Story
