Personality Tad James, 2017-10-10 Written by Tad James and Wyatt Woodsmall Time Line Therapy and the Basis of Personality is a compelling study of the important elements that make up a person s core personality and a detailed exploration of and introduction to how Time Line therapy works in practice Utilizing discoveries made by Richard Bandler Time Line Therapy and the Basis of Personality expands and updates our knowledge of how people actually store their memories and sheds light on the effect that the system used for memory storage has on the individual The authors contend
