Lindblad, 2021-09-06 History matters At the beginning of a new century and amidst the turmoil of a new democracy a historical perspective on modern Indonesia is needed more than ever This innovative economic history connects back to the colonial era and helps to explain why the transition from colonialism to Independence and from the New Order to democracy has been so difficult and sometimes traumatic The Emergence of a National Economy identifies three grand themes in this transformation globalisation state formation and economic integration Globalisation affected the Indonesian archipelago even before the arrival of the Dutch the New Order experience was only the most recent wave Modern state formation began in Java under Governor General Daendels 1808 11 and culminated in the centralised military bureaucratic state of Soeharto s New Order 1966 98 A national economy emerged gradually from the 1930s as the Outer Islands were reoriented towards an industrialising Java These three themes link chronological chapters from the pre 1800 period through the modern colonial era to the breakdown of the colonial system after 1930 the birth of modern Indonesia the remarkable economic transformation under the New Order and the meltdown during the Asian crisis of 1997 98 This overarching story gives a unity and rhythm to Indonesia s modern history while helping to explain why the future is likely to be different The four authors senior scholars from Australia Howard Dick Germany Vincent Houben the Netherlands Thomas Lindblad and Indonesia Thee Kian Wie draw on a very wide range of sources to combine the insights of history economic history and economics **Market Impact on Cassava's Development Potential in the Atlantic Coast Region of Colombia** Willem G. reviews the evolution of agri environmental policies with an important focus on the history of US policy and European agri environmental policy A key feature within this is the importance of the Environmental Protection Agency EPA in the US particularly its move towards more market based incentives from the 1980s onwards Within the European context the effects of the CAP Common Agricultural Policy on agri environmental programmes and schemes within the member states are discussed Significantly the essays republished here have provided the knowledge base that has influenced further applied work creating an influential impact on policy development
