*Understanding Religious Life* Frederick J. Streng, 1985 This text uses two basic themes to enhance student understanding 1 the search for an understanding of religious life as an ongoing process and 2 the need for recognizing a variety of ultimate realities when studying religious pluralism Talking about God Daniel F. Polish, 2007 Challenge Yourself to Delve into a Deeper Interfaith Dialogue To wrestle with the ideas these thinkers present is to find ourselves challenged to look at our own religious lives in new ways and to appreciate the spiritual endeavors of others whatever form their religious expression may take To engage with these thinkers can leave us enlarged in our perception of human religiousness and deepened in our appreciation of it from the Conclusion The modern age of religion is characterized by dialogue Jews and Christians together explore the realities and meaning of living in proximity to one another Yet for all the good will and sincerity of intention too often such discussions fail to progress beyond well intentioned pleasantries to the challenging content that can truly deepen our understanding of each other This fascinating and accessible introduction to the theologies of four modern religious thinkers will help you break through the superficial generalities to plumb the depths of religious differences and embrace the commonalities Examining the lives and works of S ren Kierkegaard Martin Buber Paul Tillich and Abraham Joshua Heschel through the lens of their treatment of the Bible and the biblical patriarch Abraham you will take part in a discussion of the very phenomenon of religion and what part it plays in living a fully engaged human life Understanding Religious Life Frederick J. Streng, 2003 **Understanding Religious Conversion** Dong Young Kim, 2012-07-20 Understanding Religious Conversion begins with emphasis on the value of respecting religious theological interpretations of conversion while coordinating social scientific studies of how personal social and cultural issues are relevant to the human transformational process It encourages us to bring together the perspectives of psychology sociology anthropology and religious studies into critical and mutually informing conversation for establishing a richer and more accurate perception of the complex phenomenon of religious conversion The case of St Augustine s conversion experience superbly illustrates the complicated and multidimensional process of religious change By critically extending the contributions of the literature within Lewis Rambo s interdisciplinary framework Dong Young Kim presents a more integrated picture of how personal social cultural and religious theological components interact with one another in the process of Augustine s conversion In doing so he has struggled with how to relocate more effectively and practically the conversion narrative of Augustine within the context of pastoral care and ministry and the field of the academy in order to facilitate a better understanding of the conversion stories of the church members as well as to enhance the experiences of religious conversion within the Christian community Understanding Religious Experience Paul K. Moser, 2019-12-05 Offers a new approach to religious experience and the kind of evidence it provides Understanding Religious Experience will benefit those interested in the nature of religion and can be used in relevant courses in religious studies philosophy theology Biblical studies and the history of religion *The*
