

BULLARD OF THE SPACE PATROL

by *Malcolm Jameson*

Edited, with an Introduction and Notes, by Andre Norton

The story of Commander John Bullard, whose armadas waged the grimmest of all wars in the black night of outer space where the slightest miscalculation meant death in an interstellar vacuum.

John Bullard was born on Terra, in the ancient district of Ohio, in 2015. A clever man, not physically outstanding in any way, he passed almost unnoticed from the Patrol Academy into the Service.

Keeping the peace of the inner and outer planets was no easy job. It fell to Commander Bullard to put down the rebellious criminals long since banished to other planets, to fight in wars encompassing the planets of the universe, and to cut through the red tape of Terra's bureaucracy. His brilliant use of the extraordinary machines and weapons of a future age brought him a fame unequalled among the mariners of deep

space. The science-fiction writers, Malcolm Jameson writes of the future with precision and imagination. Bullard is a very human hero whose adventures will fascinate all readers. \$2.50
