Visit To Turkey:

Turkey Today, 1984 **Turkey's Return to the Western Balkans** Branislav Radeljić, Mustafa Cüneyt Özşahin, 2022-11-01 This volume sheds new light on the interaction between Turkey and the Western Balkans Written from a multidisciplinary perspective the contributions decode the essence of bilateral relations by analyzing various aspects of regional diplomacy including official initiatives for cooperation and the impact of different interstate exchanges In addition to the political aspect the book highlights the economic dimensions of Turkey s involvement in the Western Balkans by exploring trade linkages and prospects for future partnership arrangements Finally socio cultural components of bilateral relations are examined with some contributors focusing on the role of art religion and cultural heritage in Turkish foreign policy toward the Western Balkans While providing detailed analysis and reflections on Turkey s direction and policy preferences this unique collection appeals to scholars of international relations Balkan and Turkish studies and other neighboring disciplines as well as to policymakers and general readership interested in the region and international collaboration

Turkey's Asia Relations Omair Anas, 2022-02-21 This book explores shifts in Turkey s foreign policy and the relevance of Turkey s reconnect offensive with Asia With the end of the Cold War Turkey and the West had lost the mutuality of interests and threat perceptions particularly towards Russia Western countries are now occupied by the rise of China and are in search of new allies in the Asia Pacific Turkey is left in its region to deal with Russia and crises that are primary outcomes of Western failures in Syria Libya Iraq Azerbaijan and Qatar In the absence of its Western allies Turkey engaged with Russia alone to deconflict and stabilise Syria Libya and Azerbaijan Turkey s ruling conservative AK Party however had won elections from 2002 to 2012 on a strong pro EU and pro West agenda Now it is talking about strategic autonomy multidimensionalism diversification or the world is bigger than five The new foreign policy gestures are underpinned by the rise of the domestic defence industry nationalist politics at home and increased trade relations with key Asian economies China India and Indonesia At an international level the ruling party has instrumentalised strong criticism of the West for injustice and neglect of the Turkish Muslim Islamic and non western world Although this reminds of the history of Turkey s failed quests to shift from a West centric foreign policy to an unknown direction the book argues that Turkey s reconnect with Asia is rather to complement and strengthen its relations with the West
