HIGH LEVEL MEN ONLY: Wisdom For The Men Looking To Reach The

Highest Degrees Of Manhood The Minister Of Manhood,2023-03-15 Masculinity Is Not Something Given To You But Something You Gain And You Gain It By Winning Small Battles With Honor Norman Mailer Today a man s largest problem is frequently more significant than his struggle with himself and his daily worries The largest struggle a man has in a culture that doesn t value manhood is the bitterness he feels for not being recognized and rewarded for all he does to support his wife his family and society as a whole In today s society males are taught that they must make self sacrificing decisions and serve as the primary breadwinners for their wives and children And that a man s happiness comes in second to that of his wife How frequently do we hear someone say A happy wife a happy life This is the wrong way to think society needs strong men In order for society to function effectively it needs strong men who value and appreciate their responsibilities as family protectors and breadwinners Because there is little value placed on making sure that a man is also taken care of when his only function in society is that of the giver he ends up feeling empty and despondent Men commit suicide three to four times more frequently than women do as a result of the disparity in importance between men and women This problem is made worse by the fact that no one is concerned enough to make it national news Because men are never recognized by society as essential or useful for anything other than what they can do for others they are becoming exhausted inadequate and energetically deficient Nonetheless this implies that it is up to you as a man to realize your worth rather than depending on the outside world And changing your perspective to one of prioritizing yourself your objectives and your desires over those of other people is the first step towards doing that Don t let others make you feel bad for taking care of your own needs and spirit You will be able to develop yourself into the most manly version of masculinity possible with the help of this knowledge and wisdom which is uncommonly available in one location You will also acquire the attitude necessary to become a true leader of yourself first followed by your family So let s travel together so that you can start to receive the respect you deserve Everything begins with your thinking Your body will take care of the rest once you train your mind with the proper wisdom Keep your flame burning because a man s inner fire is the most valuable asset he may have Let me now ignite your imagination Here s Just A Few Of The Lesson s You ll Learn The 4 Stages Of Manhood The Alchemy Of Manhood Understanding The Power Of Masculine Energy How To Vibrate With God Like Energy The Only 2 Types Of Men In The World A Man s Mind Is His Womb Why Self Confidence Is Pure Power The Keys To The King Mindset Why A Man s Self Talk Is So Important Rules To High Quality Manhood Why You Must Always Protect Your Light Why A Man Needs Wise Counsel The Masculine Power Of The Word No And More **Tree of Life** Ton Vinci,2010 Scripture taken from the Holy Bible New International Version NIV [The Code](#) Michael Reist,2018 A book for men about finding meaning passion and commitment in life Technology and feminism have changed everything as traditional roles society assigned to men and women have more and more become things of the past Much as this has been liberating it has also left many men feeling disoriented by the lack of models for how to be a good man in a rapidly changing society These changes and the challenges and opportunities they

bring have necessarily affected men differently than women Not only have their traditional roles begun to fade away but so have many of their traditional jobs This book is meant to be part of the conversation about being a man today and how to live one s life in a new kind of world Michael Reist has spent a lifetime thinking about what it means to be a man and how to get through the day with all the challenges insecurities and changing realities men face We live in a shallow culture with few good role models We feel like we are making it up as we go along We all need a mentor someone to point out possible roads to take In The Code Reist offers one way forward
