An Exposition of the Prophet Ezekiel William Greenhill,1839 **Dr. Robinson's Greek lexicon to the New Testament condensed for schools and students. With a parsing index** Edward Robinson,1851 **The Church School Journal** ,1876 **Russian-English Dictionary of Idioms, Revised Edition** Sophia Lubensky,2013-01-01 This is the most innovative comprehensive and scholarly bilingual dictionary of Russian idioms available today It includes close to 14 000 idioms set expressions and sayings found in contemporary colloquial Russian and in literature from the nineteenth century to the present The Russian idioms are provided with many English equivalents to render idioms in various contexts Illustrative examples are cited to show how the idioms are used in context Each entry also contains a grammatical description of the idiom a definition an innovative feature for a bilingual dictionary and stylistic and usage information A most notable part of the work is the alphanumeric index that makes finding the right expression very easy **Keeping God at the Center** David R. Blumenthal,2016-06-10 Keeping God at the Center is informative as well as instructional It contains four kinds of teaching first insights derived from pondering the meaning of selected phrases and prayers from the traditional liturgy second four chapters on the personalist theology behind traditional Jewish prayer third meditations on the liturgy and clear instructions on how to pray certain prayers and fourth instructions on how to pray certain prayers mystically Both those well acquainted with the prayerbook and those completely unfamiliar with it will be able to derive benefit from this book It is a continuation of the main themes of Blumenthal s earlier work in Jewish spirituality theology and mysticism **Four Faces of Anger** Gertrude Gillette,2010-06-07 Four Faces of Anger brings to the modern age wisdom on the topic of anger by four ancient authors These authors are broadly representative of the classic views on anger in the tradition Seneca the first century A D stoic philosopher whose moral teaching won the admiration of pagans and Christians alike even that of the irascible Jerome Evagrius who represents the monastic anchoretic tradition of the desert and its emphasis on the spiritual growth of the individual Cassian who trained in the same desert shaped this tradition to speak to cenobites in the West Our last author Augustine treats of the subject both as monastic legislator for his monks and as bishop for his lay congregation His Rule for monks has one whole chapter devoted to the topic of how to deal with anger in a community setting Although his initial ideas expressed in abstractions and ideals are important foundations for communal living Augustine goes on to teach that the genuine work of building a loving and unified community is realized in the concrete struggles of human nature striving to overcome the tendencies of individualism and egoism Anger a force that often breaks down and prevents the growth of community must eventually be squarely faced and according to all of the monastic authors discussed in this book the sooner the better This chapter also includes several instances in Augustine s own life when he had to deal with anger in himself in his congregation or in the wider world that often solicited his help The reader will soon realize that the Christian authors are not much interested in what anger is from a psychological perspective though their treatment of anger is not entirely devoid

of this element but their focus is rather on how the vice of anger inhibits the spiritual growth of the soul and its relationship with God Everyone whether monastic or not will glean from these pages the essential elements of detecting eliminating and controlling the negative side of this emotion German and English Felix Flügel,1891 Messiah Pulpit ,1896
