Witness Poems:

Witness Victoria Joyce, 2001-06 A collection of poems *Witness* is a powerful spiritual autobiography It is at once a dirge and a hymn by turns an alleluia and a requiem Moving through shadows and nightmares into the laughter and tears of a life's passages it also explores a playful reverence for nature chronicles family memories offers petitions to the universe and triumphantly celebrates an indomitable spirit *Witness* Lorraine Stanchich, 2003 *Witness in Stone* Esther Phillips, 2021-04-08 This collection explores the fragile territory between remembering and forgetting both as an individual experience and in the life of a society If in the end all is subject to time's slow bleed these poems enact the capacity of the imagination to pass through ancient walls and to reorder failures long gone in time into more hopeful connections Poems recreate those childhood moments when physical presences such as the great house at Drax Hall provoke the beginning of poetry the searching for what is hidden in the dark and thence to a grasp of the history that society would rather forget For while forgetting is human the collection also explores how amnesia can be cultivated in society as a means of hiding the sources of contemporary privilege and economic power Poems such as *Canvas* about the images from English and American magazines that patch up the hangings in an old woman's tumbledown dwelling not only picture children tiptoe at the rim of the world but without needing to say it show those children as far more familiar with Garbo's bright blue eyes and shiny red lipstick than with the history and meaning of Drax Hall If there are echoes of Walcott's poem where all in compassion ends Phillips is no less compassionate but much readier to see History's wound still bleeding to its last drop a wound extending down to a powerful poem in memory of George Floyd If the collection calls out *Speak stones* bear witness poems also pay tribute to those who in the rural village memorialised the lives of the unconsidered poor who like the village historian Miss Lewis speaks across the years into contemporary urban life to remind me who I am Esther Phillips poems are always lucid and musical they gain a rewarding complexity from being part of the collection's careful architecture that offers a richly nuanced inner dialogue about the meaning of experience in time Not least powerful in this conversation are the sequence of poems about Barbadian childhoods poems of grace humour and insight When Barbados chose Esther Phillips as its first poet laureate it knew what it was doing electing a poet who could speak truth who could challenge and console her nation and all of us **The Witness** Nina Polinger, 1998 *Poetry of Witness* Carolyn Forché, Duncan Wu, 2014-01-20 A groundbreaking anthology containing the work of poets who have witnessed war imprisonment torture and slavery A companion volume to *Against Forgetting* *Poetry of Witness* is the first anthology to reveal a tradition that runs through English language poetry The 300 poems collected here were composed at an extreme of human endurance while their authors awaited execution endured imprisonment fought on the battlefield or labored on the brink of breakdown or death All bear witness to historical events and the irresistibility of their impact Alongside Shakespeare Milton and Wordsworth this volume includes such writers as Anne Askew tortured and executed for her religious beliefs during the reign of Henry VIII Phillis Wheatley abducted by

slave traders Samuel Bamford present at the Peterloo Massacre in 1819 William Blake who witnessed the Gordon Riots of 1780 and Samuel Menashe survivor of the Battle of the Bulge Poetry of Witness argues that such poets are a perennial feature of human history and it presents the best of that tradition proving that their work ranks alongside the greatest in the language

The Earliest Witnesses G. C. Waldrep, 2021 This is how the witness ends touch withdraw touch again American Goshawk the opening poem in this collection concludes with these words The word witness comes with a wealth of meanings The poems are at one level acute observations of the world in its physical and dramatic detail But eye and ear detect in what is there shadows and figures of what is beyond what imparts to the things perceived their deeper form significance and beauty Such seeing is a craft a form of translation that engages not just the surface but the essence of what is seen what the poet calls eye proofs of the epiphenomenal world The ophthalmologist in A Mystic's Guide to Arches keeps asking Can you see this And we can see it more fully each time we re read the poem and the separate things configure into a single powerful seeing Language obscures until it releases what it names to the senses The Earliest Witnesses is G C Waldrep's British debut
