

How megovernments fail

John's Witness

How do you find the right team to lead a business? It's not a simple question.

Choosing your team is a critical decision. It can make or break your business.

...the most important factor in choosing your team is the quality of the people you choose. You need people who are smart, hardworking, and committed to your success. You also need people who are a good fit for your business and your culture. This is a process that takes time and effort, but it's worth it in the long run.
