The Game's Afoot! Game Theory in Myth and Paradox Alexander Mehlmann, 2000 It all started with von Neumann and Morgenstern half a century ago Their Theory of Games and Economic Behavior gave birth to a whole new area of mathematics concerned with the formal problems of rational decision as experienced by multiple agents Now game theory is all around us making its way even into regular conversations In the present book Mehlmann presents mathematical foundations and concepts illustrated via social quandaries mock political battles evolutionary confrontations economic struggles and literary conflict Most of the standard models the prisoners dilemma the arms race evolution duels the game of chicken etc are here Many non standard examples are also here the Legend of Faust shootouts in the movies the Madness of Odysseus to name a few The author uses familiar formulas fables and paradoxes to guide readers through what he calls the hall of mirrors of strategic decision making His light hearted excursion into the world of strategic calculation shows that even deep insights into the nature of strategic thought can be elucidated by games puzzles and diversions Originally written in German and published by Vieweg Verlag this AMS edition is a translation tailored for the English speaking reader It offers an intriguing look at myths and paradoxes through the lens of game theory bringing the mathematics into sharper focus at the same time This book is a must for those who wish to consider game theory from a different perspective one that embraces science literature and real life conflict The Game's Afoot would make an excellent book for an undergraduate course in game theory It can also be used for independent study or as supplementary course reading The connections to literature films and everyday life also make it highly suitable as a text for a challenging course for non majors Its refreshing style and amusing combination of game theoretic analysis and cultural issues even make it appealing as recreational reading *The Duelist's Seduction* Lauren Smith, 2017-11-19 Helen Banks is going to die When her twin brother gambles away their fortune she must save his life and take his place in a duel to satisfy the honor of a man her brother couldn't pay Disguised as her brother Helen faces the one man she's admired from afar a widower with a dark past and eyes that scorch her very soul Since Gareth

Fairfax lost his wife the darkness in his heart continues to grow Lashing out at anyone who opposes him Gareth is stunned to face a lovely young woman opposite his dueling pistol After discovering Helen s deception he offers her a choice become his mistress or her brother dies Their devil s bargain turns into a slow sweet intoxicating seduction With each passing hour Helen uncovers Gareth s secret heartbreak and yet she can t help but fall for the man who has ruined her With Helen in his arms Gareth wonders if he might yet be saved All it takes is one passionate embrace a kiss from the depths of his soul and a night of wild abandon

Anatomy of a Duel Stuart W. Sanders,2023-11-14 When the popular musical Hamilton showcased the celebrated duel between Alexander Hamilton and Aaron Burr it reminded twenty first century Americans that some honor bound citizens once used negotiated formal fights as a way to settle differences During the Civil War two prominent Kentuckians one a Union colonel and the other a pro Confederate civilian continued this legacy by dueling At a time when thousands of soldiers were slaughtering one another on battlefields Colonel Leonidas Metcalfe and William T Casto transformed the bank of the Ohio River into their own personal battleground On May 8 1862 these two men both of whom were steeped in Southern honor culture fought a formal duel with rifles at sixty yards And as in the fight between Hamilton and Burr only one man walked away Anatomy of a Duel Secession Civil War and the Evolution of Kentucky Violence examines why white male Kentuckians engaged in the honor culture of duels and provides fascinating narratives that trace the lives of duelists Stuart W Sanders explores why during a time when Americans were killing one another in open brutal warfare Casto and Metcalfe engaged in the process of negotiating and fighting a duel In deconstructing the event Sanders details why these distinguished Kentuckians found themselves on the dueling ground during the nation s bloodiest conflict how society and the Civil War pushed them to fight why duels continued to be fought in Kentucky even after this violent confrontation and how Kentuckians applied violence after the Civil War Anatomy of a Duel is a comprehensive and compelling look at how the secession crisis sparked the Casto Metcalfe duel a confrontation that impacted the evolution of violence in Kentucky
