## **Towards Infinity:**

**Towards Infinity** Ram Chandra, Towards Infinity is Ram Chandra s seminal work on the chakras of the human system and the soul s journey back to the Source Its implications are far reaching for the first time in thousands of years he sheds new light on human spiritual anatomy by going beyond the seven traditional chakras The author does not discuss the lower chakras instead he starts with the heart and its qualities of love compassion courage and empathy as the centre of our humanity He guides us through the experience of thirteen chakras from the heart up to the final chakra at the back of the head He describes the level of consciousness at each chakra and reveals the way to expand our consciousness to embrace each new stage along the way Towards Infinity is a map of the journey to the ultimate destination which sincere seekers of spirituality can then experience through their own practice with the support of Yogic Transmission
