Writers Workshop:

The Iowa Writers' Workshop Stephen Wilbers, 1980 Tracing the evolution of the writer's workshop Wilbers depicts it as having roots in the midwestern regionalist literary movement of the late nineteenth century and in the university's writer's clubs of the same period The quirky personalities of the individuals who contributed to its growth are revealed as also the pros and cons of students learning to write in an academic situation [The Writer's Workshop](#) Gregory L. Roper, 2023-08-22 The Writer's Workshop takes an approach to teaching writing that is new only because it is so old Today rhetoric and composition typically proceed by ignoring what was done for 2 500 years in Western education Gregory Roper on the other hand helps students learn to write in the way the great writers of the past themselves learned by carefully imitating masters of the craft including Cicero Thomas Aquinas Charles Dickens Sojourner Truth James Joyce and Ernest Hemingway By living in their workshops and apprenticing to these and other masters apprentice writers like apprentice musicians painters and blacksmiths of the past will rapidly improve the complexity of their art and discover their own native voices Interspersed into chapters full of sound practical advice and challenging assignments are reflections on Great Ideas from Realism and Impressionism to Nominalism and Modern Science Perfect for the college or even high school writing classroom as well as a marvelous book for homeschoolers and others who would like to improve their own writing *The Writer's Workshop* is a fine practical guide and Dr Roper a friendly yet demanding teacher mentor [The Modern Library Writer's Workshop](#) Stephen Koch, 2003-04-01 Make your characters want something right away even if it's only a glass of water Characters paralyzed by the meaninglessness of modern life still have to drink water from time to time Kurt Vonnegut The cat sat on the mat is not the beginning of a story but the cat sat on the dog's mat is John Le Carr Nothing is more inspiring for a beginning writer than listening to masters of the craft talk about the writing life But if you can't get Vladimir Nabokov Virginia Woolf and Gabriel Garcia Marquez together at the Algonquin *The Modern Library Writer's Workshop* gives you the next best thing Stephen Koch former chair of Columbia University's graduate creative writing program presents a unique guide to the craft of fiction Along with his own lucid observations and commonsense techniques he weaves together wisdom advice and inspiring commentary from some of our greatest writers Taking you from the moment of inspiration keep a notebook with you at all times to writing a first draft do it quickly you can always revise later to figuring out a plot plot always serves the story not vice versa Koch is a benevolent mentor glad to dispense sound advice when you need it most *The Modern Library Writer's Workshop* belongs on every writer's shelf to be picked up and pored over for those moments when the muse needs a little help finding her way
