That First Amendment And The Remnant:

The Michigan Alumnus ,1998 In volumes 1 8 the final number consists of the Commencement annual **The Religion Clauses of the First Amendment** Ellis M. West,2012-07-10 The First Amendment of the U S Constitution begins Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof The Supreme Court has consistently held that these words usually called the religion clauses were meant to prohibit laws that violate religious freedom or equality In recent years however a growing number of constitutional law and history scholars have contended that the religion clauses were not intended to protect religious freedom but to reserve the states rights to legislate on If the states rights interpretation of the religion clauses were correct and came to be accepted by the Supreme Court it could profoundly affect the way the Court decides church state cases involving state laws It would allow the states to legislate on religion even to violate religious freedom discriminate on the basis of religion or to establish a particular religion This book carefully thoroughly and critically examines all the arguments for such an interpretation and more importantly all the available historical evidence It concludes that the clauses were meant to protect religious freedom and equality of the individuals not the states rights **First Amendment Law Review** ,2004 **GODLESS v. LIBERTY** DD Simpson,2021-11-11 Our Founding Fathers had a revolutionary idea that the government should serve the people and not the other way around But how does a group of men without blueprints build something from nothing The answers laid in their Judeo Christian faith the Bible and a collective understanding that laws not people should rule a nation When done our framers created the finest governing document known to civilization the United States Constitution In our nation today there s an attack taking place that threatens our most precious liberties The secular left has with precision systematically pushed God away in an attempt to plant themselves at the center of the universe At stake in this spiritual coup d etat is whether we continue as a Judeo Christian nation or go the way of every other great empire that has turned its back on Jehovah Although socialism and communism had proved disastrous for hundreds of millions of people the left still offers the false promise that it will be different this time According to today s radical political leaders all we need to do is put our trust in their godless secular philosophy and not that wordy archaic document that talks of inalienable rights or worse yet the Bible Since communism cannot coexist with God the left has painstakingly spent the entire latter part of the twentieth century and the beginning of this one rewriting history It started with a creative Supreme Court decision that chose to ignore the first 150 years of our nation s fundamental religious principles After the Court erected the wall of separation between church and state *Everson v Board of Education* 1947 the following dominos began to fall In 1962 school sponsored prayer was outlawed in the public academia arena *Engel v Vitale* Next to be shown the door was the Bible *School District of Abington Township v Schempp* 1963 Followed by the crown jewel of the godless radicals judicial victories the legal termination of the unborn *Roe v Wade* 1973 The secret formula of bypassing the people s representatives Congress and relying on unelected Supreme Court

bureaucrats to make intemperate policies aka judicial activism was the backdoor the godless left had been searching for to chip away at the Constitutional rights of Americans In recent years if there s anything the radical left has shown us it s that there is no depth to which they won t descend no lie too big to tell and no conscience strong enough to restrain them from their ultimate goal the quest for absolute power God help us if they should ever succeed [New York Court of Appeals.
