

A movie poster for the film 'Rounders'. The top half features close-up portraits of Matt Damon on the left and John Turturro on the right, both looking towards the camera with serious expressions. The background is dark with vertical light streaks. The title 'ROUNDERS' is centered in a white, serif font, with a spade symbol replacing the letter 'O'. Below the title, three smaller portraits are shown: a man with glasses on the left, a woman in the center, and a man with his hand on his forehead on the right.

Vlasich,1990 The origins of baseball are controversial James A Vlasich discusses the debates between two men intimately involved in nineteenth century baseball Henry Chadwick and Albert G Spalding Abner Graves of the Mills Commission claimed that Abner Doubleday had invented the game and he had done it in Cooperstown New York This claim was scrutinized at the time but the myth became etched into baseball history Through the years however some critics have questioned the Mills Commission report The problem is that the Baseball Hall of Fame is built on this shaky

foundation The lack of diligence on the part of Spalding's self-appointed committee has led to a credibility gap for the baseball shrine that continues a half century after its dedication Indeed the story of the building of the Baseball Hall of Fame is filled with intrigue worthy of a political thriller

**The Summary**, 1908 The Southwestern Reporter, 1915 **The Never-Ending Revival** Michael F. Scully, 2022-08-15 In recent years there has been an upsurge in interest in roots music and world music popular forms that fuse contemporary sounds with traditional vernacular styles In the 1950s and 1960s the music industry characterized similar sounds simply as folk music Focusing on such music since the 1950s The Never Ending Revival Rounder Records and the Folk Alliance analyzes the intrinsic contradictions of a commercialized folk culture Both Rounder Records and the North American Folk Music and Dance Alliance have sought to make folk music widely available while simultaneously respecting its defining traditions and unique community atmosphere By tracing the histories of these organizations Michael F Scully examines the ongoing controversy surrounding the profitability of folk music He explores the lively debates about the difficulty of making commercially accessible music honoring tradition and remaining artistically relevant all without selling out In the late 1950s through the 1960s the folk music revival pervaded the mainstream music industry with artists such as Bob Dylan and Joan Baez singing historically or politically informed ballads based on musical forms from Appalachia and the South In the twenty first century the revival continues and it includes a variety of music derived from Cajun African American and Mexican traditions among many others Even though the mainstream music industry and media largely ignore the term folk music a strong allure based on nostalgia the desire for community and a sense of exclusiveness augments an enthusiastic following connected by word of mouth numerous festivals and the Internet There are more folk festivals now than there were during the original boom of the 1960s suggesting that music artists agents and record label representatives are striking a successful balance between tradition and profitability Scully combines rich interviews of music executives and practicing folk musicians with valuable personal experience to reveal how this American subculture remains in a never ending revival based on fluid definitions of folk and folk music
