The Astrological Aspects

Charles Carter

The Astrological Aspects:

The Astrological Aspects Charles E. Carter,1996-09 1930 This is a treatise in some detail of the 36 possible combinations of the Sun Moon and the seven known planets Each combination is treated under three heads harmonious aspects the conjunction and inharmonious aspects

The Astrological Aspects Charles E O Carter,2000-09 1930 Carter was one of the outstanding British astrologers of the century This is a treatise in some detail on the 36 possible combinations of the Sun the Moon and the seven known planets Each combination is treated under three heads harmonious aspects the conjunction and inharmonious aspects A number of examples is given of each combination

The Astrological Aspects Charles Ernest Owen Carter,1941

Aspects in Astrology Sue Tompkins,2002-09-01 Illustrates how aspects can offer a profound depiction of an individual and his or her destiny Contains comprehensive sections full of interpretations for every planetary combination Concepts are explained through the use of actual birth charts and diagrams A core textbook at the Faculty of Astrological Studies in London Aspects are an essential piece of the astrological puzzle when it comes to interpreting and using the information that astrology can give us It is not enough to know the placement of the planets on the horoscope It is the relationships between the stars and planets that let us grasp the destiny of the individual Aspects describe the drama of our lives the complex configurations that influence what will happen to us over time Sue Tompkins a fellow of the Faculty of Astrological Studies in London shows how to interpret aspects when doing daily astrological readings She uses the lives of real people to plot the aspects and offers examples of every possible planetary combination Detailing the influence of oppositions trines and elemental trines and cardinal mutable and fixed crosses Tompkins shows how aspects provide the energy in the chart that transforms the horoscope into something symbolizing an alive and vital human being With Aspects in Astrology Tompkins provides both the novice and the experienced astrologer the evidence and concrete methods needed to grasp the vast knowledge offered to us by our horoscope

The Zodiac and the Soul Charles E.O. Carter,2010-05 In this book Charles Carter 1887 1968 shows how the Zodiac of twelve constellations describes an ideal world In other words how the soul the ideal reveals itself in astrological terms In the process Carter invents a new form of rulerships based on the traditional exaltations which includes the outer planets Carter also teases us with his unpublished system of numerology which was based on 12 rather than the usual 10 As astrology is based around the numbers 2 3 4 and 12 not 5 or 10 a base 12 number system is of immediate interest Realizing his subject was abstract and unlikely to appeal to all Carter also includes innovative ideas on directing and on transits The result is a book that fascinates on many levels

Charles E O Carter one of the leading astrologers of the 20th century was President of the Astrological Lodge at the Theosophical Society from 1920 to 1952 He was first Principal of the Faculty of Astrological Studies which he helped found in 1948 He edited The Astrologer s Quarterly from 1926 until 1959 The Zodiac and the Soul was first published in 1928 with revisions in 1947 1960 and 1968 the year of his death

Avery,2004-12 Aspects are the mathematical relationships between planets in an individual s astrological chart They are key factors in the study of astrology for it is the interpretation of the relationship of one planet to another that explains human behavior If we think of each planet as representing a quality of energy or a voice within then two planets relating to each other would describe a conversation all ten considered together could be likened to a committee meeting The relationships of all those planets to each other characterizes the effectiveness of that group meeting or the quality of dialogue going on within us Some people have simple and harmonious inner dialogues while other people have a riot going on inside Astrological Aspects allows readers to make sense of the riot and through examples of aspects in the charts of well known people shows us how different individuals manage or mismanage both conflicting and complementary energies and by extension how we can do the same *Astrological Aspects* Charles E.
