The Barnum Museum Steven Millhauser, 2014-04-05 The Barnum Museum is a combination waxworks masked ball and circus sideshow masquerading as a collection of short stories Within its pages note such sights as a study of the motives and strategies used by the participants in the game of Clue including the seduction of Miss Scarlet by Colonel Mustard the Barnum Museum a fantastic monstrous landmark so compelling that an entire town finds its citizens gradually and inexorably disappearing into it a bored dilettante who constructs an imaginary woman and loses her to an imaginary man and a legendary magician so skilled at sleight of hand that he is pursued by police for the crime of erasing the line between the real and the conjured Ingeniously written and orchestrated each exhibit in The Barnum Museum will compel you to continue each story becoming a lure to the next

Postmodern Approaches to the Short Story Farhat Iftekharrudin, Joseph Boyden, Joseph Longo, Mary Rohrberger, 2003-03-30 Postmodernism as a mode of the contemporary short story has been clearly established and recognized by short story theorists But postmodern theory as pervasive as it has become among academics in the last half century has scarcely been applied to the short story genre in

particular Many contemporary scholars nonetheless are currently making use of certain postmodern thematic approaches to help them determine meanings of particular short stories T Short story theory began with Edgar Allan Poe s review of Twice Told Tales a collection of stories by his contemporary Nathaniel Hawthorne But theoretical discussions of the short story languished until modernism and the new criticism provided impetus for further development Surprisingly though the next large critical movement postmodernism failed to address the short story as a genre But while there is little postmodern theory concerning the short story contemporary scholars have used certain postmodern critical approaches to help determine meaning This book demonstrates the effect of postmodern theory on the study of the short story genre The expert contributors to this volume examine such topics as genre and form the role of the reader cultural and ethnic diversity and feminist perspectives on the short story In doing so they apply postmodern theoretical approaches to international short stories be they in the traditional mode the modern mode or the postmodern mode The volume looks at fiction by Edith Wharton Henry James Katherine Mansfield and other authors and at Iranian short fiction the postcolonial short story the fantastic in short fiction and other subjects

ways in which the major themes of evolution were taken up in the performing arts during Darwin's adult lifetime and in the generation after his death. The period 1830-1900 was the formative period for evolutionary ideas. While scientists and theorists investigated the law and order of nature, show business was more concerned with what was out of the natural order. Missing links and throwbacks, freak taxonomies and exotic races were favourite subject matter for the burgeoning variety theatre movement. Focusing on popular theatre forms in London, New York and Paris, Jane Goodall shows how they were interwoven with the developing debate about human evolution. With this book, Goodall contributes an important new angle to the debates surrounding the history of evolution. She reveals that far from creating widespread culture shock, Darwinian theory tapped into some of the long-standing themes of popular performance and was a source for diverse and sometimes hilarious explorations.
