Bright,2015-06-25 Excerpt from The English Flower Garden With Illustrative Notes It is just a year ago since this Essay on The English Flower Garden was published in the Quarterly Review It was written with a twofold object to give in the smallest compass an outline history of English gardens and to show once again what makes the true charm and happiness of a garden Many perhaps too partial friends have urged me to reprint this article They have reminded me that when the immediate circulation of any one number of a Review has ceased its articles are virtually lost and buried and they assure me that there are readers who may not have already seen and who would yet care to read this Essay About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The English Flower Garden and Home Grounds W. Robinson,2015-06-16 Excerpt from The English Flower Garden and Home Grounds Design and Arrangement Followed by a Description of the Plants Shrubs and Tress for the Open Air Garden and Their Culture This book is the muster of various once forlorn hopes and skirmishing parties now united with better arms and larger aims and its beginnings may have an interest for others I came to London just when the Royal Horticultural Society s garden at Kensington was being laid out a series of elaborate patterns set at different levels and the Crystal Palace in its glory was described by the Press of the day to be the most wonderful instance of modern gardening water temples water paths vast stone basins and all the theatrical gardening of Versailles reproduced in Surrey There was little or no reason admitted into garden design the same poor imitation of the Italian garden being set down in all sorts of positions If the place did not suit the style the ground had to be bolstered up in some way so that the plan might be carried

out a costly way to get an often ridiculous result The great writers of the past had laughed the carpenters rule out of the parks of England and pictures arose where they were once impossible but the ugliness of the garden about the house was assumed to be an essential part of the thing itself removing that for ever from the sympathies of artistic people The flower garden planting was made up of a few kinds of flowers which people were proud to put out in thousands and tens of thousands and with these patterns more or less elaborate were carried out in every garden save the very poorest cottage garden About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The English Flower Garden ...* William Robinson (F.L.S.), Roy Hay, 1956 [The English Flower Garden and Home Grounds](#) W.
