between the fledgling democracy of Athens and the dramas it produced during the City Dionysia and over the representation of women in the theatre and their implied status in Athenian society The *Eumenides* enacts the trial of Agamemnon's son Orestes who had been ordered under the threat of punishment by the god Apollo to murder his mother Clytemnestra who had earlier killed Agamemnon In the *Eumenides* Orestes hounded by the Eumenides Furies travels first to Delphi to obtain ritual purgation of his mother's blood and then at Apollo's urging to Athens to seek the help of Athena who then decides herself that an impartial jury of Athenians should decide the matter Aeschylus thus presents a drama that shows a growing awareness of the importance of free will in Athenian thought through the mythologized institution of the first jury trial
