The Executioners Robert Christophe, 1962

The Executioner's Journal Frantz Schmidt, 2016-09-02 During a career lasting nearly half a century Meister Frantz Schmidt 1554-1634 personally put to death 392 individuals and tortured flogged or disfigured hundreds more The remarkable number of victims as well as the officially sanctioned context in which they suffered at Schmidt's hands was the story of Joel Harrington's much discussed book *The Faithful Executioner* The foundation of that celebrated work was Schmidt's own journal notable not only for the shocking

story it told but in an age when people rarely kept diaries for its mere existence Available now in Harrington s new translation this fascinating document provides the modern reader with a rare firsthand perspective on the thoughts and experiences of an executioner who routinely carried out acts of state brutality yet remained a revered member of the local community widely respected for his piety steadfastness and popular healing Based on a long lost manuscript thought to be the most faithful to the original journal this modern English translation is fully annotated and includes an introduction providing historical context as well as a biographical portrait of Schmidt himself The executioner appears to us not as the frightening brute we might expect but as a surprisingly thoughtful complex person with a unique voice and in these pages his world emerges as vivid and unforgettable Studies in Early Modern German History [The Mysteries of the People: The executioner's knife](#) Eugène Sue,1910 *The Executioners* John Dann MacDonald,1958 About a family menaced by a vicious killer out for revenge *The Royal Financial Administration and the Prosecution of Crime in France, 1670-1789* Albert N. Hamscher,2012-07-13 The Royal Financial Administration and the Prosecution of Crime in France 1670 1789 explores the French monarchy s role in financing criminal prosecutions in the royal courts of the realm the payment of criminal frais de justice in the vocabulary of the ancien r gime between 1670 and 1789 that is from the codification of criminal judicial procedure in the early period of Louis XIV s personal rule to the outbreak of the French Revolution The subject brings together three areas of scholarly inquiry criminal justice royal administration and the management of the crown s finances A central goal of the study is to provide factual information and interpretive insights on each of these topics and to explain the relationship of each to the others over a long time period The book contributes to existing scholarship in four ways First although each of the major dimensions of the inquiry the operation of the criminal justice system the conduct of the royal administration and the management of the monarchy s finances has a large and increasingly sophisticated historical literature this is the first study to combine them in a systematic way Second the long time period covered in the book not only enables the historian to distinguish gradual from rapid change but it also allows the reader to view how the system functioned in different historical contexts Third the study is based on archival sources throughout France This comprehensive approach permits the identification of elements of a common experience without sacrificing attention to important aspects of regional diversity Finally with respect to the sources themselves the range is broad encompassing regulatory acts and decisions of the king s councils administrative correspondence at the central regional and in some cases local levels financial accounts and related papers and court records from the major appellate courts and from several lower courts as well An appendix of 33 tables lists figures of annual expenditure and other pertinent financial operations for each of the major financial districts of the kingdom **The Executioner's Knife** Eugène Sue,1910 **Library of the World's Best Literature, Ancient and Modern: A-Z** Charles Dudley Warner,Hamilton Wright Mabie,Lucia Isabella Gilbert Runkle,George Henry Warner,1897 *Library of the World's Best Literature: A-Z* ,1897 **The Antiquary** ,1873
