## **The Rituals Of Life Patterns In Narratives:**

*The Rituals of Life* Langdon Elsbree, 1982      **Ritual and Narrative** Vera Nünning, Jan Rupp, Gregor Ahn, 2014-03-15  
Ritual and narrative are pivotal means of human meaning making and of ordering experience but the close interrelationship between them has not as yet been given the attention it deserves How can models and categories from narrative theory benefit the study of ritual and what can we gain from concepts of ritual studies in analysing narrative This book brings together a wide range of disciplinary perspectives including literary studies archaeology biblical and religious studies and political science It presents theoretical explorations as well as in depth case studies of ritual and narrative in different media and historical contexts      *Mighty Stories, Dangerous Rituals* Herbert Anderson, Edward Foley, 2002-02-28 Bringing together two of our greatest sources of meaning and transformation This book marries two partners that are made for each other The result as in all good unions is mutual enrichment and deeper life Jack Shea author of *Stories of God Now* available in paperback this moving and enlightening book presents us with a compelling vision of what can happen when we take the opportunity to connect stories and rituals a vision of individuals and communities transformed through a deeper sense of connection to our loved ones our communities and God Herbert Anderson and Edward Foley reveal how when stories and rituals work together they have the potential to be both mighty and dangerous mighty in their ability to lift us up and help us make these connections beyond ourselves and dangerous in challenging us to learn to live with complexity and contradiction They show how much more meaningful a baptism wedding or funeral can be when liturgy is made to include and recognize the personal stories of those involved Suddenly these familiar life cycle rituals are infused with new life as their participants become connected in a narrative web linking past and present human and divine Newly created rituals can also help us connect our stories to the divine story giving meaning to what we experience and bringing us closer to God Ministers worship leaders and pastoral caregivers can use this approach to storytelling and ritual to find ways to bring together worship and pastoral care diminishing fragmentation and fostering coherence in their religious communities      *Documents of Life 2* Ken Plummer, Kenneth Plummer, 2001-03-20 This study champions the use of life stories and other personal documents in social research It considers recent developments in the humanist approach to social research looking at writing and narrative memory and the auto biographical society      *Journal of Narrative and Life History*, 1995      **A Dictionary of Sociology** John Scott, Gordon Marshall, 2009 Contains over 2 500 alphabetically arranged entries providing definitions of terms and ideas related to sociology along with cross references and biographical sketches of key individuals in the field      *Robinson Jeffers: Myth, Ritual, and Symbol in His Narrative Poems* Robert J. Brophy, 1973      *Re-embodiment Pastoral Theology* Johann Choi, 2024-05-29 With the dominance of psychotherapeutic theories and methods in the field of pastoral theology the typical pastoral encounter has been understood to be a private conference in which a pastor addresses a sufferer's thoughts and emotions What results is a kind of dualism that is contrary to a historically Christian affirmation of and concern for the body

The phenomenon of moral injury further problematizes this model of pastoral care in part due to a greater awareness that trauma is imprinted as much in the body as in the mind. Re-embodiment in Pastoral Theology uses the problem of moral injury in veterans to propose a pastoral theology that recognizes ritual as the means by which the Christian community addresses the body in pastoral care. In advancing this new approach to ritual care, the author draws from the fields of psychology, ritual studies, liturgical studies, and historical theology, as well as the experiences of veterans throughout history. This book endeavors to re-think the Christian approach to moral injury and re-embodiment in the field of pastoral theology.

*A Narrative Psychotherapeutic Approach to the Human Relationship Dilemma* Bonnie Jo Gunton, 1993

*Time, Meaning, and the Structure of Narrative Identity* Peter M. Meyerson, 1997

*Narrative and the Practice of Adult Education* Marsha Rossiter, M. Carolyn Clark, 2007. We know that the telling of the personal experience narrative is a powerful avenue to self-understanding, transformative learning, and personal growth. This book explores these and other ways in which narrative can inform the practice of adult education, as well as how we can understand learning as a narrative process.

**The Hero Pattern and the Life of Jesus** Center for Hermeneutical Studies in Hellenistic and Modern Culture, Alan Dundes, 1977

*Violent Origins* Walter Burkert, René Girard, Jonathan Smith, 1988-11-01. Burkert, Girard, and Smith hold important and contradictory theories about the nature and origin of ritual sacrifice and the role violence plays in religion and culture. These papers and conversations derive from a conference that pursued the possibility and utility of a general theory of religion and culture, especially one based on violence. The special value of this volume is the conversations, as such, the real record of working scholars engaged with one another's theories as they make and meet challenges and move and maneuver. Girard and Burkert present different versions of the same conviction that a single theory can account for ritual and its social function, a theory that posits original acts of group violence. Smith sharply questions both the possibility and the utility of such a general theory. Among the highlights of this stimulating interchange of ideas is a searching criticism of Girard's theory of generative scapegoating, which he answers with clarity and conviction, and a challenging of Burkert's theory of the origin of sacrifice in the hunt by Smith's argument, posed as a *jeu d'esprit*, that sacrifice originates with the domestication of animals.

**Power, Intimacy, and the Life Story** Dan P. McAdams, 1985

*The Wisdom of Memoir* Peter Gilmour, 1997. Peter Gilmour examines the literary genre of the memoir in human experience and religious tradition, exploring memoir's contribution to spirituality, ending with teaching the reader how to read and write memoirs.

**Documentary Research** John Scott, 2006-03-27. Documentary research is one of the three major types of social research and arguably has been the most widely used of the three throughout the history of sociology and other social sciences. The key issues surrounding types of documents and our ability to use them as reliable sources of evidence on the social world must be considered by all who

use documents in their research VOLUME ONE Theory and Methods in Documentary Research VOLUME TWO Personal Documents Autobiographies Letters and Photographs VOLUME THREE Published Sources the Mass Media and Cyber Documents VOLUME FOUR Official Reports Administrative Records and Official Statistics **Uniform Trade List Annual**, 1977 *Literature and Anthropology* Philip Adams Dennis, Wendell M. Aycock, 1989 Literary experts and anthropologists analysis novels from such diverse regions as the Caribbean the Middle East and Native American **The Gothic World of Stephen King** Gary Hoppenstand, Ray Broadus Browne, 1987 Stephen King's popularity lies in his ability to reinterpret the standard Gothic tale in new and exciting ways Through his eyes the conventional becomes unconventional and wonderful King thus creates his own Gothic world and then interprets it for us This book analyzes King's interpretations and his mastery of popular literature The essays discuss adolescent revolt the artist as survivor the vampire in popular literature and much more
