## **Yoga Week By Week:**

**Yoga 7 Minutes a Day, 7 Days a Week** Gertrud Hirschi, 2017-11-01 Over 20 years ago Gertrud Hirschi distributed a little accessible guide to yoga as a newspaper supplement. It was a big hit. Tens of thousands were distributed and here by popular demand is a revised edition of her guide. This little book provides basic 7 minute yoga exercises for each day of the week. The exercises are organized by the mythological and planetary significances of each particular day. For example Sunday's focus is on light energy and expanding one's heart. Monday is the day of the moon and its focus is on cleansing, introspection and planning. Tuesday is the day of Mars and its focus is on expression, action and pursuing goals and Wednesday is the day of Mercury and is a more volatile time in which the focus is on the power of thought and finding balance. The gentle daily exercises each including a mantra and a meditation focus on various parts of the body from the heart and shoulders to the pelvis and the digestive tract. By the end of the week the practitioner will have experienced full body yoga and every part of the body will feel energized and strong. This is more than a book for the body. Hirschi has constructed a program that aims to heal and energize the soul and spirit. She encourages a practice that promotes a greater sense of purpose, embraces the richness of life and provides a sense of total peace and harmony. Clear, gentle and affirming, this simple guide will be a hit with those new to yoga and longtime practitioners alike.

**Yoga, Week by Week** Selvarajan Yesudian, 1976 [The Yoga Body Diet](#) Kristen Schultz Dollard, John Douillard, 2010-04-13 A yoga body is the one you have now, only healthier. This book is your complete guide to how to get it. And the benefits don't stop at your appearance. At the end of 4 short weeks you'll feel better, you'll think more clearly and you'll find it's much easier to keep a positive mindset and roll with life's inevitable punches. It's not as difficult as you might think. Here's how it works. The newest research has demonstrated beyond the shadow of a doubt that active relaxation triggers better blood flow to your organs, improving digestion and immune function. Yoga also puts you more in touch with your body, decreases stress and blood pressure and regulates your nervous system, cultivating balance in the body. And it pulls muscle toward bone, creating a lithe and lean frame rather than gym-built bulk. The Yoga Body Diet shows you exactly how to eat well, shop wisely and stretch yourself slim. The best part? NO YOGA EXPERIENCE NECESSARY. On this easy 4 week plan you will eat, move and think according to your natural rhythms. You'll relax your systems rather than stressing them out so that you won't experience the intense hunger pangs that often come when the body is in overdrive. In 4 short weeks The Yoga Body Diet shows you how to de-stress, your life, balance your system and get the yoga body you've always wanted for life.
