While much dialogue has focused on aspects of Colin Gunton s Trinitarian theology there has been a need for a full scale study of Gunton s doctrine of creation that locates the significance of his understanding of creation within the wider spectrum of his theology Problem and Promise demonstrates how Gunton s doctrine of creation cannot be read in abstraction from his Trinitarian theology and argues that creation remains a central feature in Gunton s writing that holds lasting importance for understanding ethical and moral aspects of Gunton s theology William B Whitney establishes how this Trinitarian account of creation goes beyond offering a theological description of the created realm and also provides the basis for understanding human involvement in creation through the enterprises of culture **St. Augustine's Treatise on the City of God** Saint Augustine (of Hippo),Francis Ryan Montgomery Hitchcock,1915 *St. Augustine's confessions; or, praises of God, in 10 books.
