That Certain Summer:

Target, Prime Time Kathryn C. Montgomery, 1991 Offering a book length exploration of network television's relations with advocacy groups Kathryn C Montgomery presents a comprehensive picture of the impact of organized pressure on prime time TV Exposing the inner workings of network television as no other book has done Montgomery's study demonstrates how behind the scenes struggles have shaped the images messages and values that enter people's homes every night It also raises critical questions about television's role in our society and its responsibility to the American public

The Prime Time Closet Stephen Tropiano, 2002 A comprehensive study of homosexuality on television from the 1950s to 2002 Through an analysis of over 300 television episodes made for TV movies and mini series this fascinating account of the evolution of the portrayal of gay men and lesbians offers an in depth look at how four major television genres medical series police detective shows drama and situation comedies approached the subject of homosexuality From 1950s talk shows that tackled the problem of homosexuality to Ellen DeGeneres's historic coming out in 1997 it reveals how television's treatment of homosexuality has reflected and reinforced society's ignorance and fear of gay men lesbians and transgender people and celebrates the programs that broke new ground in their sensitive enlightened approach to homosexuality and gay related themes and issues such as homophobia gay bashing and AIDS From publisher description *The ABC Movie of the Week* Michael McKenna, 2013-08-22 On September 23 1969 five years after the first made for television movie premiered the ABC network broadcast *Seven in Darkness* This was the first television film for an anthology show called the Tuesday Night Movie of the Week Dedicating ninety minutes of weekly airtime to a still emerging genre was a financial risk for the third place network a risk that paid off The films were so successful that in 1972 the network debuted *The Wednesday Movie of the Week* Although most of the movies are no longer remembered a handful are still fondly recalled by viewers today including *Duel* *Brian's Song* and *The Night Stalker* The series also showcased pilot films for many eventual series such as *Alias Smith and Jones* *The Six Million Dollar Man* and *Starsky and Hutch* By the end of both shows regular runs in the spring of 1975 the network had broadcast more than 200 made for television films In *The ABC Movie of the Week Big Movies for the Small Screen* Michael McKenna examines this programming experiment that transformed the television landscape and became a staple of broadcast programming for several years The author looks at how the revolving films showcased the right mixture of romantic comedy action horror and social relevance to keep viewers interested week after week McKenna also chronicles how the ratings success led to imitations from the other networks resulting in a saturation of television movies As a cultural touchstone for millions who experienced the first run and syndicated versions of these films *The ABC Movie of the Week* is a worthy subject of study Featuring a complete filmography of all 240 movies with credit information and plot summaries a chronology and a list of pilots both failed and successful this volume will be valuable to television historians and scholars as well as to anyone interested in one of the great triumphs of network programming *Columbo* Amelie Hastie, 2024-01-05

For decades generations of television fans have been enraptured by Lt Columbo played by Peter Falk as he unravels clues to catch killers who believe they are above the law In her investigation of the 1970s series cocreated by Richard Levinson and William Link Amelie Hastie explores television history through an emphasis on issues of stardom authorship and its interconnections with classical and New Hollywood cinema Through close textual analysis attentive to issues of class relations and connections to other work by Falk as well as Levinson and Link Columbo Make Me a Perfect Murder sees American television as an intertextual system from its origins as a commercial broadcast medium to its iterations within contemporary streaming platforms Ultimately Hastie argues in the titular detective s constant state of learning about cultural trends and media forms Columbo offers viewers the opportunity to learn with him and through his tutelage to become detectives of television itself

The Rainbow Age of Television Shayna Maci Warner,2024-08-27 The ultimate deep dive into the revolution of queer TV With the last decade s television boom across a multitude of platforms producing hundreds of network and streaming series American audiences are being treated to a cascade of shows that some have trumpeted as a second Golden Age But something completely new is stirring too the Rainbow Age For the first time in the history of American television we have shows in which LGBTQIA characters have evolved from being an anomaly to being an almost given and celebrated presence on the small screen But what more can queer TV do Is each new queer character really breaking ground And has the curse of the fictional dead lesbian finally been defeated The Rainbow Age of Television tackles these questions and more as author Shayna Maci Warner tracks the history and evolution of LGBTQIA icons across the televised ages and into the future of streaming from the very first televised queer kiss we think to the shows that are making household names and heroes of queer characters today Warner uses original interviews with queer TV icons such as Lilly Wachowski and Stephanie Beatriz along with detailed history to investigate the constraints under which queer people have been allowed to exist on American television Surveying seventy plus years of broadcasts The Rainbow Age of Television explores why queer people are so invested in and conflicted by the kinds of storytelling that TV has to offer Above all it s a celebration of the LGBTQIA shows their characters and their creators that define this new age in television *Stories of the*
