Washington D C Throughout this story success and happiness in this family are often eclipsed by poignant periods of sadness but only to rise again as their upbeat spirits prevail Although the author is the central figure in this memoir her eight siblings contribute immensely to the central theme of this story the will to survive and succeed They beat the odds against the oft quoted premise that growing up in violence will perpetuate violence This story was written to provide insight into the problem of child abuse Along with this moving commentary and narration helpful information is provided for everyone working with children and young adults laymen and professionals alike
