The Aberration:

The Aberration Bard Constantine,2012-03-01 When a freak storm engulfs a flourmill the workers learn quickly that there is much more to fear than just heavy rain Something else arrives with the storm macabre creatures that alter their shapes and features with every attack In order to survive the night the employees will have to rely on a man whose sanity is questionable For he claims to have faced the same attacks before over ages of time He calls it an Aberration A doorway that opens to a realm of nameless evils What lies beyond wants to smother our world in darkness and perverse terror It grows stronger with every passing moment and all that stands between it and our world are the workers trapped in the building Each person will be pushed to the very precipice of madness as reality distorts and the bizarre beings mount their attack In the end survival may not be enough to survive the Aberration The Aberration is a tale of mounting horror that will leave readers guessing until the very end Author Bard Constantine blends creature feature horror with psychological terror creating a story that both haunts and satisfies fans of both

Torment of Tanatalus Bard Constantine,2017-08-05 Bard Constantine returns to the surviving characters of his popular horror novel the Aberration for an even more immersive experience into inter dimensional terror The barriers preventing the ages old threat of invading forces from the Other side are deteriorating and the paladins that once protected humanity are all but wiped out Michael McDaniel desperately wants to move on after his harrowing experience with the last Aberration but he finds a normal life impossible Abducted by a clandestine government agency isolated from his family and subjected to severe psychiatric conditioning he teeters on the edge of sanity and madness His only way out is the last thing he wants to do volunteer to enter into another Aberration Elena Ruiz is a disgraced soldier looking to prove herself in the private military industry She wants nothing more than to forget about her past and concentrate on a better future but she is haunted by her mother s untimely death and her father s response to it Accepting employment for a newly formed agency is a risk she believes will pay off but the expedition is into unknown territory where neither her sanity nor her life are guaranteed to survive Nathan Ryder has embarrassed worldwide intelligence agencies with his uncovering of the Blurred Man conspiracies Under intense scrutiny and pressure he agrees to take the chance of a lifetime prove his theories by accompanying an expedition into the Aberration s source in the Bermuda Triangle There he will come face to face with the mysterious Blurred Man and witness something even more chilling the end of all things Horror continues to evolve in an epic clash where the greatest threat may not be the darkness outside but the darkness within
