conception of the teachings of the wisdom religion until he has at any rate an intellectual grasp of the fact that in our solar system there exist perfectly definite planes each with its own matter of different degrees of density and that some of these planes can be Visited and observed by persons who have qualified themselves for the work exactly as a foreign country might be visited and observed and that by comparison of the observations of those who are constantly working on these planes evidence can be obtained of their existence and nature at least as satisfactory as that which most of us have for the existence of Greenland or Spitzbergen Further more just as any man who has the means and chooses to take the trouble can go and see Greenland or Spitz bergen for himself so any man who chooses to take the trouble to qualify himself by living the necessary life can in time come to see these higher planes on his own account About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [The Astral Plane \(1894\)](#) Charles Webster Leadbeater, 2018-04-21 Charles Webster Leadbeater 16 February 1854 1 March 1934 was a member of the Theosophical Society author on occult subjects and co initiator with J I Wedgwood of the Liberal Catholic Church Originally a priest of the Church of England his interest in spiritualism caused him to end his affiliation with Anglicanism in favour of the Theosophical Society where he became an associate of Annie Besant He became a high ranking officer of the society but resigned in 1906 amid a sex scandal Accusations of his detractors were never proven and after Annie Besant became President of the Society he was readmitted in 1908 Leadbeater went on to write over 69 books and pamphlets as well as maintain regular speaking engagements His efforts on behalf of the society assured his status as one of its leading members until his death in 1934 [The Astral Plane](#) C.
