The Atlantis Triangle:

The Atlantis Triangle Bill Hanson, 2003-06-01 Investigative reporter Lloyd Silver writes The Atlantis Triangle an area along Florida's east coast is one of the most mysterious places on earth Behind the area's lush landscapes and gated communities lies a hidden history events that science ignores Chambers of Commerce choose to omit in their colorful brochures and the military has tried to keep secret The Triangle is also where several 12 000 year old pyramids have been discovered on the ocean floor a physical link to Atlantis Archeologist Thomas Chisolm writes The underwater pyramids represent one of the greatest discoveries of the 20th century **Atlantis** Greg Donegan, 2000 Describes the lost continent of Atlantis and theories about its possible location *The Secrets of the World's Seas* Gabriel Glasman, Francisco Javier Martínez, Fernando López Trujillo, 2017-12-15 Humanity's oldest stories and songs show that man has always been captivated by the mysteries of the sea Though modern geographers and oceanographers have discovered many of the ocean's secrets some stories about the water's strange powers remain popular This book explains the tales surrounding the Bermuda Triangle and Atlantis debunking myths through scientific and historical evidence *A SPECK OF ATLANTIS - BIMINI: THE TOP OF GOD'S MOUNTAIN* Norbert H. Kox, 2009-09-12 This art book is a visual and written documentation of a modern day visionary and his journey into the heart of Bimini It links the Island of Bimini to the lost continent of Atlantis and contains 149 color images painted on Bimini by internationally acclaimed visionary artist Norbert H Kox His writings suggest the probable connection between the last remaining speck of Atlantis and this tiny island in the Atlantic located directly within the Bermuda Triangle The writings postulate interdimensional portals and possible time travel in agreement with quantum physics explaining subtle energies that interact with and affect our physical world The research is well documented and the paintings are stunning The artworks in this book represent eleven years of painting and research on the Island of Bimini and although they do not all correlate with Atlantis and the energy of the Universe they are a documentation of Kox's art exhibitions on the Island Soft cover 8 1/2 X 11 118 pages *The Ancient Alien Theory: Part Two* C.R. The Bermuda Triangle Cary Trantham, 2011-09-28. The Atlantians started to experience instability in the umbilical cord or worm hole that connected them to Earth. Human species and their vehicles, boats, planes, etc. were slipping through these unstable portals into the Universe of Atlantis. On Mother Earth, the area where these occurrences were happening was designated as the Bermuda Triangle. The Atlantians watched in horror as the entire Earth began to suffer from the effects of the exploration and removal of fossil fuels. The Earth's crust had become very unstable, and underwater earthquakes were on the increase. The Atlantians knew that unless the Earth humans realized and did something about the damage to Gaia from the use and exploration of fossil fuels, she would be damaged beyond recovery and all would die. They were very concerned as it was unsure if their parallel universe could survive without Gaia. They were also unsure if the umbilical cord that connected the two universes could be severed. If Gaia exploded, the Atlantian civilization may also come to an end. The Atlantians put their faith into a young girl from Earth. She had slipped into their world through an unstable portal but was defying science as she could move freely between the two worlds.
