The war against pandemics took a personal turn for me and my husband Tom when we were infected with the superbug Tomcat We found out that there were no approved treatment options for the disease 2 Tom and I were globetrotting scientists who went looking for trouble in the world of infectious diseases We had been planning our dream vacation but after the attacks on Sharm El Sheikh and Paris even well-traveled friends raised their eyebrows when we told them we were skipping their invitations to visit the pyramids 3 We had always enjoyed spontaneity and we liked to meet nature on its own terms We were married in a civil ceremony at a beach house in Hawaii by our children We had met an Egyptologist who would be our guide for the next week 4 The Egyptians were very preoccupied with death and funeral preparation because they believed the spirit faced a perilous journey to reach the afterlife and settle in for eternity

The Train Dispatcher, 1927

Shy of the Squirrel's Foot Andy Martrich, 2024-11-12 The Jargon Society a boundary pushing publisher of poetry and experimental writing was founded by Jonathan Williams 1929 2008 in 1951 Jargon quickly gained a reputation as the home of the poetic and literary avant-garde including noted mid-century poets like Charles Olson and Lorine Niedecker

Williams himself looms large in this story as the publisher at Jargon until his death making this book as much about his life and work as the press he founded which today operates through the Black Mountain College Museum in Asheville North Carolina Andy Martrich authors this story in a manner befitting Jargon's ethos of literary experimentation by focusing on the books the Society cataloged but never published While it's not uncommon for a small press to plan for books that don't make it to publication Martrich argues that Jargon's incessant financial difficulties coupled with Williams's impressive network makes its trail of unfinished projects unique and an ideal way to chronicle the press itself Using archival research interviews with volunteers at Jargon and more Martrich gives readers not only an intimate look into a Southern press and publisher but also an important history of modern and experimental literature in twentieth century America Shy of the Squirrel's Foot includes an epilogue by Anne Midgette an afterword by Nicole Raziya Fong and Jargon's complete annotated bibliography which details every book the press published compiled in one place for the first time
