Tom Swift in Captivity, Or a Daring Escape by Airship Victor Appleton,2017-06-19 Chapter I A Strange Request Tom Swift closed the book of adventures he had been reading tossed it on the table and got up Then he yawned What s the matter asked his chum Ned Newton who was deep in another volume Oh I thought this was going to be something exciting replied Tom motioning toward the book he had discarded But say the make believe adventures that fellow had weren t anything compared to those we went through in the city of gold or while rescuing the exiles of Siberia Well remarked Ned they would have to be pretty classy adventures to lay over those you and I have had lately But where are you going he continued for Tom had taken his cap and started for the door I thought I d go out and take a little run in the aeroplane Want to come along It s more fun than sitting in the house reading about exciting things that never have happened Come on out and Yes and have a tumble from the aeroplane I

suppose you were going to say interrupted Ned with a laugh Not much I m going to stay here and finish this book Say demanded Tom indignantly Did you ever know me to have a tumble since I knew how to run an airship No I can t say that I did I was only joking Then you carried the joke too far as the policeman said to the man he found lugging off money from the bank And to make up for it you ve got to come along with me Where are you going Oh anywhere Just to take a little run in the upper regions and clear some of the cobwebs out of my head I declare I guess I ve got the spring fever I haven t done anything since we got back from Russia last fall and I m getting rusty You haven t done anything exclaimed Ned following his chum s example by tossing aside the book Do you call working on your new invention of a noiseless airship nothing Well I haven t finished that yet I m tired of inventing things I just want to go off and have some good fun like getting shipwrecked on a desert island or being lost in the mountains or something like that I want action I want to get off in the jungle and fight wild beasts and escape from the savages Say you don t want much commented Ned But I feel the same way Tom Then come on out and take a run and maybe we ll get on the track of an adventure urged the young inventor We won t go far just twenty or thirty miles or so The two youths emerged from the house and started across the big lawn toward the aeroplane sheds for Tom Swift owned several speedy aircrafts from a big combined aeroplane and dirigible balloon to a little monoplane not much larger than a big bird but which was the most rapid flier that ever breathed the fumes of gasolene Which one you going to take Tom asked Ned as his chum paused in front of the row of hangars Oh the little double seated monoplane I guess that s in good shape and it s easy to manage When I m out for fun I hate to be tinkering with levers and warping wing tips all the while The Lark practically flies herself and we can sit back and take it easy
